

# Family Summer Bucket List

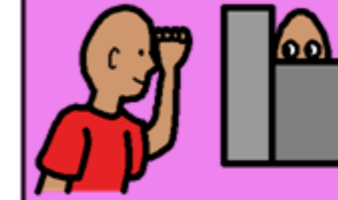

We played a board game

We watched a film together

We camped in the living room

We played Hide n Seek

We went for a family walk

We drew pictures together

We baked together

We didn't answer the phone today

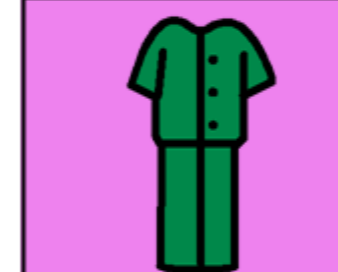

We explored a forest

We made a gallery of our art work

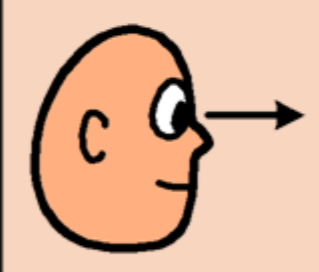

We made a meal together

We stayed in our pyjamas all day

We tried to climb trees

We played eye spy

I said 'yes' to something my child suggested

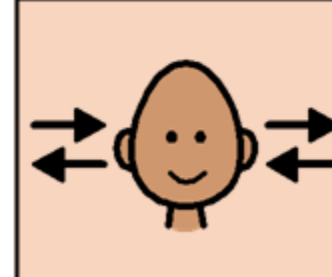

We had a day off housework

We made a den outside

We took a selfie

I said 'no' to work/friends/colleagues

We planted a seed

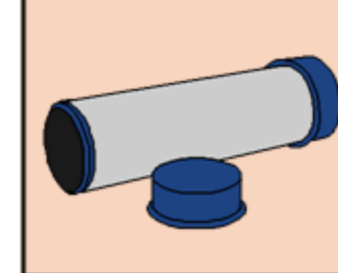

We made a den inside

We played my child's favourite game together

We had a social media free day

We made our own time capsule
