

Good listening can look different for different people.

I can circle the things I do that show I am listening.

I give eye contact

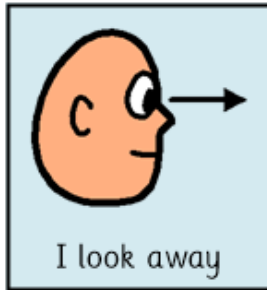

I doodle

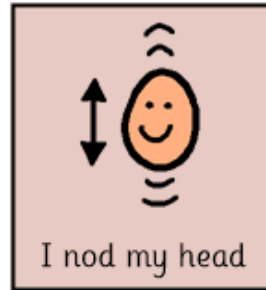

I fidget

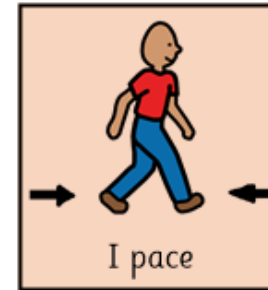

I smile

I look away

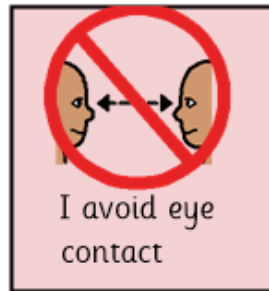

I nod my head

I pace

I share my experience of something similar.

I avoid eye contact

I flap my hands

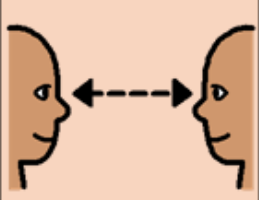

I stim

? something else.
I _____

Concentration, focus and processing can look different for different people.

I can circle the things I do that show I am concentrating, focussing or processing.

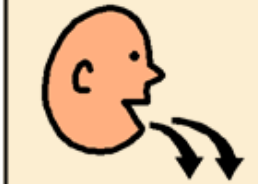

I give eye contact

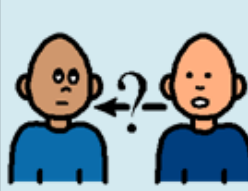

I doodle

I fidget

I repeat what has been said.

I ask questions.

I nod my head

I pace

I share my experience of something similar.

I avoid eye contact

I flap my hands

I stim

? something else. I _____
