

COP26

What does it stand for?

Conference of Parties 26

What is it?

In 1994 an agreement was reached by 196 countries and the EU about climate change.

Every year leaders from across the world meet to discuss climate change.

In 2015 the Paris Agreement was reached.

This year, all the countries need to update their plans.

Where is it?

When is it?

Glasgow, Scotland.

COP26 Goals

1

Secure Global Net Zero and keep 1.5 degrees within reach.

Stop emissions.

Limit global warming.

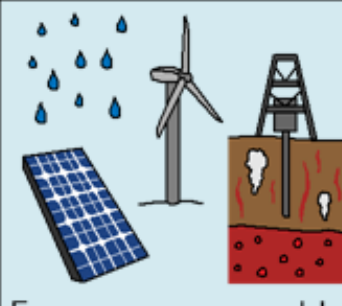

Stop burning coal.

Stop deforestation.

speed up the change over to electric vehicles.

Encourage renewable energy.

2

Adapt to protect communities and natural habitats.

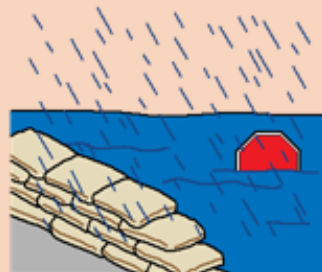

Help countries affected by climate change.

Protect ecosystems.

Restore ecosystems.

Build defences and warning systems.

Build resilient infrastructure and agriculture.

3

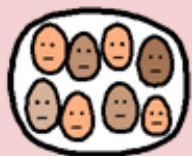

Mobilise finance

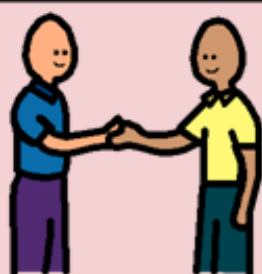

Developed countries must follow through on their promise to use at least \$100 billion in climate finance per year.

4

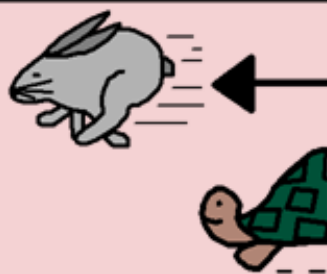

Work together.

Everyone needs to work together.

Agree the rules of the Paris Agreement.

Work quicker to tackle climate change.

Work with others.
