I can label the sections of the orchestra.

bass

violin

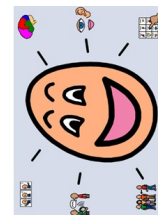

cello

viola

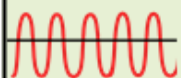

I am learning about instruments.

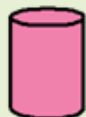

woodwind

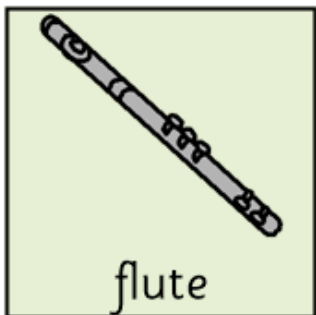

It is an instrument usually made from wood, metal, plastic or a combination.

Sound is made by the vibration of the air from the player's breath.

The instrument is usually created with shapes like cylinders and cones.

flute

piccolo

bassoon

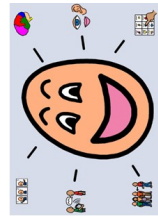

clarinet

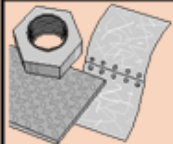

saxophone

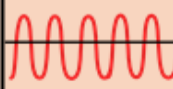

oboe

brass

It is an instrument usually made from brass or another metal.

Sound is made by the vibration of the lips against the mouthpiece.

The mouthpiece is usually funnel or cup shaped.

trombone

tuba

trumpet

French horn

something else

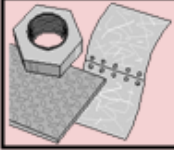

2+2=4

I am learning about instruments.

strings

It is an instrument usually made from brass or another metal.

Sound is made by the vibration of the lips against the mouthpiece.

The mouthpiece is usually funnel or cup shaped.

cello

harp

violin

viola

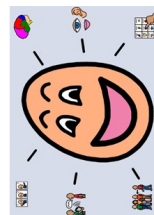

something else

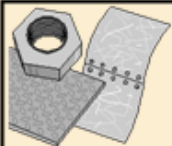

2+2=4

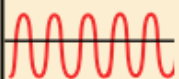

I am learning about instruments.

percussion

It is an instrument usually made from brass or another metal.

Sound is made by the instrument being struck or scraped by a beater.

The mouthpiece is usually funnel or cup shaped.

timpani

cymbals

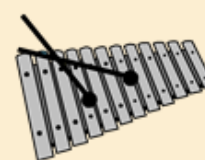

triangle

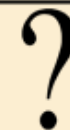

tambourine

piano

glockenspiel

something else

maracas

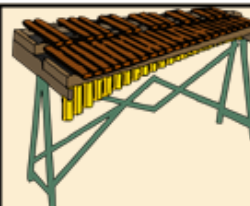

gong

castanets

chimes

xylophone

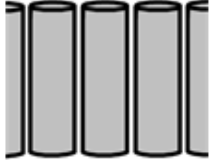

snare drum

These are the extra symbols to use.

							
trombone	cornet	clarinet	piano	xylophone	glockenspiel	bass drum	oboe
							
bassoon	snare drum	saxophone	gong	trumpet	timpani	viola	
							
maracas	castanets	violin	french horn	flute	cello	triangle	
							
tuba	tambourine	cymbals	chimes	piccolo	bass	harp
