Welcome

Dear Parent/Carer

Our schools across Dumfries and Galloway have high expectations and high aspirations for pupils and staff. Like you, we want the best possible future for your child. We know that children do better at school and go on to achieve more in life when families and schools work together. We want to make sure that you, as parents and carers, feel involved in your child's learning, feel welcome and listened to in our schools. We have a shared interest in your child being happy, confident, and successful in school.

To help children reach their potential we focus on removing barriers to learning; meeting the needs of children and upholding their rights underpin all we do.

This year we know that the increased cost of living will mean that many families have money worries - school should not add to those. There should be no costs involved in the school day which are a barrier to your child joining in. This handbook gives important information on the benefits you may be entitled to and how we can help you apply for free meals, free transport, free childcare, clothing grants and allowances, and to make sure you have the right financial advice.

This handbook sets out the responsibilities I have, as Director, for your child's education. While we have core values and shared ambitions, our schools put this into practice slightly differently to meet the needs of the local community. Your schools Headteacher will publish their own handbook to provide information which is on specific to your school.

I hope this information is helpful in setting out how we can work together to benefit your child's learning and make sure they have the best possible experience at school. Our schools are welcoming places at the heart of our communities and always want to hear from you about how we can do more to support you, so please talk to us. There are many useful contact numbers in this handbook or you can contact me on

DirectorSkillsEducationLearning@dumgal.gov.uk

Yours sincerely
Dr Gillian Brydson
Director Skills, Education and Learning

More Information on Education and Learning Directorate is available at

for more ways to engage with the Council.

Dear Parent/Carer

I would like to take this opportunity to introduce myself as Headteacher of Dumfries Academy. I am honoured and privileged to be leading such a great school.

This handbook aims to help you and your child understand our school better and highlights the vast array of experiences we have to offer.

I believe we provide very good experiences for our young people at Dumfries Academy. Our pupils' performances are consistently in line with, or above, local averages in all measures relating to SQA attainment and we ensure that we encourage all young people to aim high. We provide a rich and varied curriculum that allows young people in our school to develop skills, talents and abilities that are essential for life, learning and work. In doing so, we work in partnership with you, as parents/carers, our young people and our local community to help our pupils to experience high quality learning and teaching. We are constantly working in partnership with others, including our cluster primaries, to make sure that our learners' experiences build upon their prior learning and are based around meaningful contexts. We endeavour to make learning fun and challenging and our wide variety of outdoor learning experiences, including excursions and residential trips, further enriches pupils' experiences.

The partnership between home and school is crucial in helping young people to be successful. There are many ways for parents to support our school. My aim is inform all parents/carers regularly about the life and work of the school through various methods, including this handbook and the school website, but also through the various information evenings and events that we run. We understand that Curriculum for Excellence terms are not always parent-friendly and aim to work closely with our Parent Council to provide you with information that is "jargon-free" and explains simply what your child's learning journey looks like at Dumfries Academy.

At Dumfries Academy our aims, values and vision are centred on supporting young people to become confident, successful, included and responsible. Our school motto (steeped in history and tradition) is "Doctrina Promovet". This translates as Learning Promotes. I believe the philosophy behind this is undeniable. Successful learning is a means to unlocking each individual's unique talents and abilities, enabling them to use those to promote better opportunities in life, learning and work.

I look forward to working with you and your son/daughter and would like to reassure you that you can contact me at any time to discuss any aspect of your child's education.

Yours sincerely
Joanne Dillon
Mrs Joanne Dillon

Our Vision, Values and Aims

Vision

Working together to promote and value learning as a means to improving our chances of achieving success in school, our community and in our future lives – Doctrina Promovet

Values

- Respect • Ambition • Compassion • Fairness
- Responsibility

Aims

- To include all young people so that they achieve to the best of their ability
- To make learning a meaningful and enjoyable experience for all;
- To motivate, challenge and encourage our young people to be, creative, enterprising, objective, independent learners;
- To build a curriculum that enables all young people to develop skills for life, learning and work;
- To work with our partners to build a strong school community that supports and cares for all our young people;
- To aim for continuous improvement in all we do

Dumfries Academy has established very good links with its six cluster primary schools and we have developed a programme of activities which starts with pupils in Primary 6. This programme is designed to help make the transition from Primary to Secondary School less daunting for pupils.

This culminates in three induction days in June when pupils come to Dumfries Academy and participate in a normal school timetable.

Our six cluster schools are:

1. Loreburn
2. Troqueer
3. Laurieknowe
4. St Michaels
5. Kirkbean
6. New Abbey

Please visit the link below for our P7 Transition guide to joining Dumfries Academy

<http://dumfriesacademy.org/content.php?page=P7%20Transition%20Information>

We give careful consideration to placing pupils in classes that are mixed by gender and ability. In S1, pupils will be allocated to a Tutor Group (and House Group) and they will be taught most courses along with this same group. Our average class size in S1 and S2 is fewer than 20 pupils, except for Social Studies and Modern Languages. In all classes, teachers make sure that the pace of lessons, the methods used and the resources meet the needs of all pupils. Additional Support staff are present in a lot of S1 lessons to help support pupils where required, whether they need extension work or consolidation work, or just reassurance.

At the end of S2 and S3 pupils will make choices about which courses they would like to follow. This means they may find that they have different groupings for each course and class sizes could vary from 15 to 33 pupils. They will, however, remain in the same Tutor Group throughout their school career.

In S4-S6, again pupils make choices and may find that class composition can vary depending on subject and level taught.

Pupils learn in a variety of different ways, so our teachers select and adapt resources to meet the needs of individuals and groups. They also make good use of modern technology to support digital learning. This means our pupils can access their learning in school and at home, by using lots of different online applications such as Microsoft Teams.

As pupils learn and communicate in different ways, we assess their progress by observing practical performance, written work and spoken work.

Homework

It is school policy to set homework, where appropriate, for the following reasons:

- Homework helps pupils to develop the habit of study.
- Homework is, for some subjects, a necessary means of practising skills acquired in class.
- Homework can encourage pupils to be resourceful and self-reliant.

Parents are asked to assist with homework by:

- Providing appropriate conditions in which homework can be done effectively.
- Encouraging your child to do homework conscientiously and to your satisfaction.
- Ensuring that they download the Satchel One app, which is the main communication platform for homework

The Learning Experience

Curriculum for Excellence – S1 to S3

Broad General Education

Curriculum for Excellence brings learning to life in the way education is delivered for pupils in S1 to S3. It takes a fresh approach to what, how and where young people learn. It aims to raise standards, improve knowledge and develop skills, closing the gap between the lowest and highest performers. Ultimately it aims to nurture young people as successful learners, confident individuals, effective contributors and responsible citizens.

In S1 and S2 pupils experience a broad general education covering the following curricular areas.

- Expressive Arts (Art, Drama and Music).
- Health and Wellbeing (Home Economics and Physical Education).
- Languages (English, French and Spanish).
- Mathematics.
- Religious and Moral Education.
- Science.
- Social Subjects (Geography, History and Modern Studies).
- Technology.

COURSES IN S3

Pupils will follow a similar curriculum to that which they experienced in S1 and S2 but will also be able to personalise their learning by choosing to specialise in some curricular areas midway through S3, as well as still continuing with the core curricular areas.

Curriculum for S4-S6

Senior Phase

In S4-6 pupils will choose a range of subjects according to their needs, abilities and interests. Virtually all subjects are certificated in the senior phase. It is expected most pupils will embark on subjects at National 3, 4 and 5, Higher and Advanced Higher during S4-6.

Pupils in S4 will study English and Mathematics courses and 5 other National courses.

S5 pupils will study five courses at either National or Higher level.

S6 pupils will study between three and five courses at National, Higher or Advanced Higher level. The majority of subjects at National 3, 4, 5 and Higher will run over one year.

We also work in partnership with other schools to offer network classes in the Senior Phase.

As well as the traditional subjects offered, we offer a range of vocational courses at times in partnership with Dumfries and Galloway College.

The Learning Experience

These courses are run in our own school with staff from the Colleges using our facilities for teaching or by our own teaching staff. These subjects can pave the way for further study and progression at the Colleges.

Although most pupils will embark on subjects that will lead to certification, there are also opportunities for pupils, particularly in S6, to become involved in activities which recognise wider achievement. Some of our young people participate in the YASS (Young Applicants in Schools Scheme), Saltire Awards, Duke of Edinburgh Awards, more regular work experience, Leadership of School Committees or Young Enterprise.

These opportunities provide pupils with the skills and experiences that are both valuable for life, but also help boost their CV when applying for work, college or university courses.

There will also be a core element to the curriculum that all pupils will study covering Personal and Social Education with a strong focus on health and wellbeing and preparing pupils for leaving school and moving on to positive and sustained destinations.

Making Choices

Pupils make choices about the subjects or courses that they wish to study as they progress towards formal qualifications.

The following diagram shows how pupils progress through the Senior Phase qualifications pathway.

Subject	SCQF Level 4	SCQF Level 5	SCQF Level 6
Accounting

Reporting and Assessment

Pupils are assessed continually in class in a variety of ways. These can be in the form of class tests and assessments, practical performance and prelim examinations. However, we firmly believe that assessment of learning is on-going and pupils should be involved in assessing their own strengths and areas for development. This enables them to work with their teachers to set targets for learning.

Under Curriculum for Excellence, most pupils are broadly expected to achieve the following levels as outlined below:

- Second – by end of Primary 7.
- Third – by end of S1/S2.
- Fourth – by end of S3. Fourth level broadly equates to SCQF Level 4 (National 4).
- Senior – in S4 to S6

Parents will receive a full progress report, containing information on their child's progress in each course, at least once per session. Tracking reports will be sent out over the course of the year to ensure parents are kept up to date with their child's progress.

Reports will be issued as below:

S1 – April 2023

S2 – November 2023

S3 – December 2023

S4-S6 – February 2023

Parents Evenings will be as below:

S1 – May 2023

S2 – January 2023

S3 – December

S4 – November

Any questions arising from reports can be raised with staff at Parents' Evenings or by appointment with your child's Pupil Support Teacher.

LEVEL	STAGE
Early	The pre-school years and P1, or later for some.
First	To the end of P4, but earlier or later for some.
Second	To the end of P7, but earliest or later for some.
Third and Fourth	S1 – S3, but earlier for some. The fourth level experiences and outcomes are intended to provide possibilities for choice and young people's programmes will not include all of the fourth level outcomes.

GIRFEC

Getting it right for every child (GIRFEC) is an approach from The Scottish Government that sets out how schools and other services should work with children and their families. GIRFEC is all about ensuring that children get the help they need when they need it – the right help at the right time. For you and your child, GIRFEC means that: You are the expert on your child and what you think matters. Getting it right for every child means that the School will always seek to involve you, to listen to your opinions and take them seriously.

Every child will have a person in the school that is there to provide pastoral support. At Dumfries Academy this is your child's Pupil Support Teacher. If you or your child need any advice or any support, the Pupil Support Teacher is your first point of contact and will make sure you get the help or advice that you need. Having a Pupil Support Teacher means that if there is anything that could affect your child's wellbeing, he or she will receive support as quickly as possible so that problems do not develop. For more information on getting it right for every child email GIRFEC@dumgal.gov.uk or visit www.dumgal.gov.uk/girfec to see the Dumfries and Galloway services plan.

Our Pupil Support Team

Your child will be allocated a Pupil Support Teacher who will be responsible for personal, curricular and vocational guidance. Your child's Pupil Support teacher should be your main contact. Your child usually has the same Pupil Support Teacher from throughout their time in school.

Our Pupil Support Principal Teachers are:

- Mrs C Wilson – S1 and S4
- Mr Geoff Leonard – S2 and S5
- Miss D Barton – S3 and S6
- Ms E Papworth – Additional Support for Learning/Nurture

Additional Support for Learning

At Dumfries Academy we support all children with additional needs in a variety of different ways: in classes, identified groups or on an individualised basis. This commitment to meeting the needs of all children is based on the requirements of the Education (Additional Support for Learning) (Scotland) Act 2004 amended in 2009.

What is Additional Support for Learning (ASL)?

If your child has a barrier to learning they can be said to have 'Additional Support Needs'. Children may need additional support for a variety of reasons and this support may be short or long-term. Ms Papworth, our Principle Teacher of ASN/Nurture will be happy to answer any questions you might have. Alternatively, more information on ASN can be found at the link below: <http://www.dumgal.gov.uk/article/16163/Additional-support-for-learning>.

Child Protection

All children have the right to be protected from harm, abuse and neglect. Every adult in Scotland has a role in ensuring all our children and young people live safely and have the opportunity to reach their full potential. The vision for all children and young people in Dumfries and Galloway is that they should be: safe, nurtured, healthy, achieving, active, respected and responsible and included. Schools and frontline education and child care services will play an important role in ensuring all children and young people are safe and well. The school's procedures for reporting a child protection concern can be found at the link below:

<http://dumfriesacademy.org/content.php?page=Child%20Protection>

Further information can also be found at

www.dumgal.gov.uk/article/16640/Support-forchildren-and-families

Support for all and Inclusion

The Directorate of Education and Learning Respect for All Guidelines (2018) for Schools incorporates revised national anti-bullying guidelines (Scottish Government 2017) that underpins our Schools Policy.

Our Bullying and Equalities Policy can be accessed via the link below:

<http://dumfriesacademy.org/content.php?page=Bullying%20and%20Equalities>

We also acknowledge The United Nations Convention on the Rights of the Child

- Children's rights are now embedded in Scottish legislation with the promotion and upholding of the rights of children and young people and states that all education should develop each child's personality and talents to the full. Children's voices should be heard, and their wishes respected without discrimination of any kind.

The Equality Act 2010 that places a duty on schools to:

- Eliminate unlawful discrimination, harassment, victimisation and any other conduct prohibited by the Act.
- Advance equality of opportunity between people who share a protected characteristic and people who do not share it.
- Foster good relations between people who share a protected characteristic and people who do not share it.

The Equality Act 2010 put legislation in place to prevent direct or indirect discrimination against persons due to their:

- Age
- Disability
- Sex (Gender)
- Gender reassignment (Transgender)
- Marriage and civil partnership
- Pregnancy and maternity
- Race
- Religion or belief
- Sexual orientation

Dumfries and Galloway Council's priorities also place every child's wellbeing at the centre. In schools we do this by adhering to the principles of GIRFEC

Dumfries Academy is the proud recipient of LGBT+ Gold Award and is the only school in Dumfries and Galloway to have achieved this.

Nurture

This is a programme developed to help ensure secure and positive transitions from Primary school.

Lessons take place in “The Hub” (T14) and are timetabled during the Responsibility of All S1 lessons. There are three lessons a week. We also provide breakfast from 8.00am each morning and a lunch club. The lessons are based on the literacy, numeracy and health and wellbeing outcomes. Lesson are structured to help give pupils the skills to do well at school, make friends and deal more confidently and calmly with the trials and tribulations of life, for life.

Classroom activities are based on the six principles of Nurture:

1. Children’s learning is understood developmentally.
 - We respond to the child not in terms of expectations about “attainment levels”, but in terms of the child’s current developmental progress.
2. The classroom offers a safe base
 - Environment is welcoming, safe, structured and predictable.
 - Boundaries are set and delivered clearly, fairly and with sensitivity.
 - Adults are reliable and consistent in their approach.
3. The importance of nurture for the development of self-esteem.
 - Engage in reciprocal shared activities e.g play, meals, reading, talking about events and feelings.
 - Value the children as individuals by noticing and giving positive attention.
4. Language is a vital means of communication.
 - Language puts feelings into words. Children are helped to understand and “name” how they feel.
 - Importance of non-verbal communication.
 - Provide informal opportunities for talking and sharing e.g welcoming the children into the group; having breakfast together etc.
5. All behaviour is communication.
 - Given what I know about this child and their development what is this child trying to tell me?
 - Understanding what a child is communicating through behaviour helps staff to respond in a firm but non-punitive way.
 - If the child can sense that their feelings are understood this can help to diffuse difficult situations.
 - Restorative approaches.
6. The importance of transition in children’s lives.
 - Awareness of the numerous transitions the child makes.
 - Changes in routine need to be carefully managed with preparation and support.

Pupils who attend Hub lessons are also offered the support of a senior mentor. S6 pupils work with their mentees in small groups and on a one to one basis. They help build positive relationships, improve pupils’ communication, concentration and organisational skills.

Health and Wellbeing Education

All pupils from S1 to S6 are entitled to two periods of physical education per week. This is to support physical wellbeing in line with the Governments recommendations.

As well as physical education, all pupils undertake personal health and social education programmes within school that are delivered by their Tutor, one period per week.

Social, Emotional and Mental Wellbeing

Below is an outline of some of the areas that are covered by pupils in Personal, Health and Social Education lessons in each of the year groups. Pupils have an entitlement to this support and assistance as they make progress through the school and at important stages of transition.

PHSE Programme S1-S4

Our PHSE programme below brings together Personal, Social, Health Education, emotional literacy, social skills, and mental health and resilience development. There is a clear focus on positive mental health being a pre-requisite for successful learning, for health, happiness and positive life choices. It is also crucial for understanding that young people need to be empowered to understand themselves and their minds in order to combat stress, pressure and influences that may cause them harm.

S1	<ul style="list-style-type: none"> • Healthy Relationships • Internet and Mobile Safety - Cyberbullying • Substance Misuse – alcohol and drugs • First Aid • LGBT Awareness
S2	<ul style="list-style-type: none"> • Sun Safety • Sexual Health • LGBT Awareness • Planning for Choices and Changes – Career dating • Internet Safety • Domestic Abuse • Positive Body Image • Substance Misuse - Alcohol
S3	<ul style="list-style-type: none"> • LGBT Relationships • Substance misuse • Sexual Health and Relationships • Planning for Choices and Changes – Options for S4 - CVs • Internet Safety • Youth Philanthropy Initiative • Exam Preparation • Profiling

--------------	---

Career Choices

Career Choices Advice and education on the topic of careers is embedded throughout all years of the school's PSE programme. Pupils have the opportunity to consider and discuss career choices with the support of their Tutor and Head of Year.

The Careers' Officer is present in school on a weekly basis to meet with pupils and offer guidance, and is available to meet with parents at Parent's Evenings via prior appointment. Parental appointments can be made by contacting the pupil's Head of Year or the Careers' Officer directly. Pupils can access the Careers' Officer by attending the weekly lunchtime drop-in session.

All pupils in S4 receive two Careers focused workshops delivered by Skills development Scotland (SDS) - Career Management Skills and the SDS My World of Work Career Management Skills enable each of us to build our capability and take control of our future. They are skills for life, empowering us to strengthen our understanding of self, strengths, horizons and networks. The My World of Work website provides a wealth of information on careers and education, and pupils are encouraged to access this website as part of their career planning.

16+ Learning Choices

16+ Learning Choices is a Scottish Government commitment to giving every young person an entitlement to learning at least until age 18. It is part of the Curriculum for Excellence.

The three key aspects are:

- The right learning provision must be in place – a range of options, including staying on at school, entering further or higher education, participating in the national training programmes, or taking part in personal and social development opportunities offered through community learning and development, must be available to each young person.
- The right financial support must be available to ensure that young people make choices based on the most appropriate learning for them, rather than on the amount of money offered.
- The right information, advice and guidance must be available to make sure that young people know what opportunities are on offer, how those fit with their own needs and ambitions, and how they will progress. Every young person leaving school at their earliest opportunity is entitled to further learning opportunities to help them develop skills for their future.

Developing the Young Workforce

Mrs McQuarrie is our DYW coordinator in school. She works closely with our teaching staff, employability partners and careers advisors to ensure that we are providing the right support to develop skills for work and to ensure young people achieve a positive destination upon leaving school. This is an entitlement for all young people and there are many opportunities for school leavers to help them find employment, training and support.

Please see link below for further information relating to this Youth Guarantee Offer:

<https://youngpersonsguarantee.scot/>

Extra-Curricular Activities

As well as curricular programmes to support physical and emotional health and wellbeing, pupils are encouraged to take part in the wide range of extra-curricular activities on offer in school. We have many lunchtime and after school clubs that pupils can join to make new friends and develop new skills. These are run by staff, at no cost to the pupils. Please see link below to our Extra-Curricular Booklet.

<http://www.dumfriesacademy.org/pdf/M1636019180pdf6183abecda5c8.pdf>

Our Young Sports Ambassadors, Skye and Rachel, help plan extra-curricular events.

School Trips/Excursions

As well as our extra-curricular clubs, pupils can also benefit from a wide range of trips and excursions on offer in school. These include day trips to various shows and events, weekend trips and longer foreign excursions. These trips are linked to the curriculum but also help cover the Health and Wellbeing and wider experience agenda as part of Curriculum for Excellence.

Some of these are:

- S1 to S3 - Day trips to the cinema, Theatre, Museums, galleries, theme parks, ecological sites, as well as residential trips within the UK.
- S4 to S6 - International trips to the Battlefields of WW1 in Belgium and France, Ski Trip to Aprica in Italy and Camps International Trip to Kenya.

Parental Engagement

The Parent Forum

Every parent who has a child at our school is a member of the Parent Forum. The parent council is a group of parents who have chosen to represent the parent forum. As a member of the Parent Forum, each parent can expect to:

- Receive information about the school and its activities
- Hear about what partnership with parents means in our school
- Be invited to be involved in ways and times that suit you
- Identify issues you want the parent council to work on with the school
- Be asked your opinion by the parent council on issues relating to the school and education it provides
- Work in partnership with staff
- Enjoy taking part in school life in whatever way possible

The Parent Council

The type of things the parent council may get involved in include:

- Supporting the work of the school
- Gathering and representing parents' views to the Headteacher, Education Authority and Education Scotland
- Promoting contact between the school, parents, pupils and the local community
- Fundraising and organising events
- Reporting to the parent forum
- Being involved in the appointment of senior promoted staff.

Parent Council Office Bearers

Sharron Harper – Chairperson
Laura Farrell – Vice Chairperson
Lucille Tiberghien-Giriat – Treasurer
Vacancy – Secretary

The Parent Council can be contacted in the following ways:

dumfriesacademyparentcouncil@gmail.com

Facebook – Dumfries Academy Parent Council

You can find out more about Parent Councils and parental engagement from the following links:

<https://www.npfs.org.uk/>

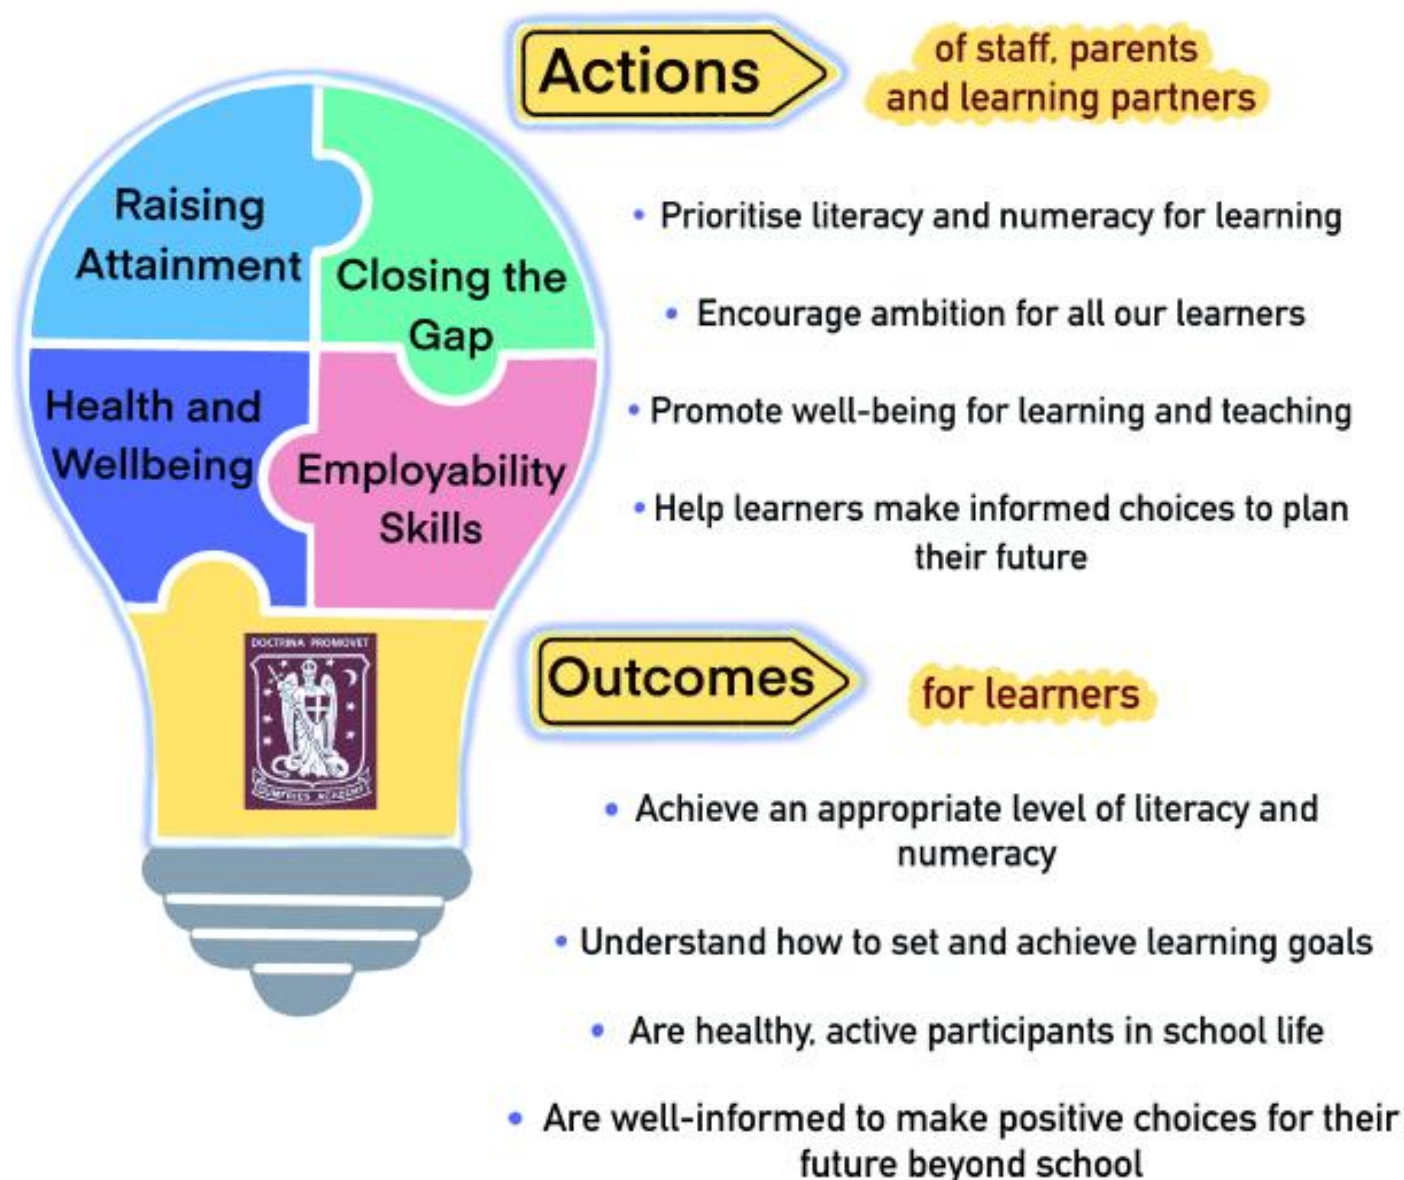

Parental Involvement and Engagement (PIE) - Dumfries and Galloway Council (dumgal.gov.uk)

<https://connect.scot>

Parent Voice is crucial in helping the school develop and implement its School Improvement Plan.

DUMFRIES ACADEMY

School Improvement Plan

Respect. Ambition. Compassion. Responsibility. Fairness

Useful Links

Staff, parents and pupils can access key policies and support for pupils in Dumfries and Galloway at www.dumgal.gov.uk. Parents can also access more information by visiting the school's website www.dumfiresacademy.org.

We would also suggest that parents are aware of the following local and national websites to support parents/carers and children and young people on their journey through school life.
