The Parent Council has noted that we are not regularly meeting the required number as stated in our constitution as per point 3.

“The membership will be a minimum of six parents and a maximum of twenty one parents of children attending the school.”

The current parent council members proposes to amend the constitution, reflecting the reduction in school roll and the number of parents regularly attending meetings. Item 3 would then read:

“The membership will be a minimum of **four** parents and a maximum of twenty one parents of children attending the school.”

Unless there are any objections, we will ratify this at the AGM on 16.9.26. Any objections can be raised by attending the meeting or sent to dumfriesacademypc@gmail.com.
