

## Volunteers' Week Scotland 2021 Twitter 'HowTo' Guide

### How can YOU become involved in our CLD Volunteers' Week Campaign?

In this age of social media, and through publications such as '[What Scotland Learned](#)' we have been given a small peek into the world of CLD Volunteering, and want to share the impact far and wide. One of the ways we will be doing this is to work in partnership with the [CLD Standards Council](#), and the wider CLD sector to create a #CLDVolunteers2021 Digital Wave across Scotland. To help us achieve this we ask that you include the #CLDVolunteers2021 to any social media posts during Volunteers' Week Scotland.

If you are posting on Twitter, please try to include the following #s

#VolunteersWeekScotland

#CLDVolunteers2021

#BecauseOfCLD

If you are including photos remember you can tag in our Education Scotland CLD Team and the CLD Standards Council without using up any of your characters by tagging them in the photos @edscotCLD and @cldstandards.

If you are new to 'tagging' then please see the brief instructions below. Firstly, draft the text and insert the image. You will then have the option to 'tag people'. Please note, the 'tag people' option will not appear until you have selected a photo to share.
