

TRASH TO Treasure

The Ultimate STEM Challenge

We're not talking trash - we're cleaning it up!

Announcing the 2015 FIRST LEGO League! Teams of children aged 9 to 16 are invited to explore the fascinating world of waste, from collection and sorting to smart production and reuse. Build and program a LEGO robot to tackle the Trash Trek missions, invent a solution to the world's problem of waste, and present it at your regional tournament.

It's easy for schools, organisations or groups of friends to take part. Register now!

Tournaments in Glasgow, Edinburgh, Aberdeen, Dundee and St Andrews. Training for teachers and coaches included. Bursaries available.

FLL Scotland is run by Lambda Jam and the Young Academy of Scotland in partnership with The Institution of Engineering and Technology.

FLL is an exciting alliance between FIRST® and the LEGO Group
