J About Regent?

T would like to talk about W - can tell us re you?

J - "done in". Water problems. Referred to late life Elyse. Passed away in this hospital. Also talked of dog (Casper) + good fried Nick. Knows Nick years.

T Bee in hospital 4 days? How were things before

J. Getting by. Help in house. Asked daughter - Margaret.

T Tell us about Margaret?

J "tough time" with her. Its "all about now". Always. Its never going to change - "she + Rob will never live on our money". I try + say "enough is enough". "I can't".

T Tell us

J 2000 - carpet. 2200 dishwasher. 7500 for Blackeyes!  
"Margaret never takes a no".

Don't know if you can help

T. Don't need to tell us. But we want to help - try

J Margaret "knows how to hurt me" Get me to say yes. To give in (Jeff tears - wiped eyes)

Says "I'm selfish". She + family want to move in. I want get them out. "I've pleaded with her" Says if I don't agree will cause her + Rob to split up. And she will tell the boys - "Her selfish grandpa"

caused the split. That Elle will be "astounded" of me (wiped tears).

T. Summarised. Margaret / pleaded / selfish / astounded

What Rob like?

J "big lump". He does not Margaret says

T Gradkids?

J Nice boys. Connor (school issues?). Kevin nearly 16. Good / decent boys

T More about Margaret?

J "Spilt" her. Nick said this for years. "Ruined her". Counted money given (recently) "14 grand". Since Elle died. Lot of money before that - insurance policies + savings.

It will "kill me" if Margaret more in. I will get out. Asked Nick to live with him or get a care home - asked Of re care home, "I want Ellen back". Ellen "got me ... got Margaret". Not to stop.

T. Summarised. 214 000 / struggled with Margaret / consider more to Nicks / care if M + family more in.

Checks re recording. Also if J has any? 's. No.

Need to speak to manager. Also Of + Nick (J)

confirmed that ok). Worried you @ risk. Need help to stay safe + need support + protection. Possibly hold meeting - get everyone together. "Case Conference".

Also speak to back (J agreed) + He speak to J about possibly speaking to Margaret (J agreed). Also get more support - independent - advocacy (J - anything if it helps)

T When getting displayed?

J Night tomorrow - can we get home

T Will speak to manager quickly - He see you soon when you get home. And start talking about how we can help.

J That's fine. And give me choices. Do it not forced into things. Just not some advice.

T Sounds about right. Check with Cathy - couple of issues repeated to aid recording.
