Children's Planning Meetings

Preparation, implementation, creating plans

# SOLUTION ORIENTED CHILDREN'S PLANNING MEETINGS

**Learning & Development Framework:**  
Multi-agency | In-person | Skilled Practice | Learning Session

This learning session is brought to you by Falkirk Educational Psychology Service.

The session will be interactive and will be an opportunity for multi-agency workers from Health, Police, Third Sector, Education and Social Work to come together. The focus of discussion will be around using a Solution Orientated approach within Children's Planning meetings, Team Around the Child Meetings etc. This approach is designed to assist participants when the issues are 'soft' systems problems; where the end goal is unclear; there are many people involved and people may feel 'stuck'.

**LEARNING OUTCOMES:**

This session will support a move away from a problem-focused context in which many meetings may operate. It is based on the following assumptions:

- The past is the past. What matters now is the future.
- All participants' contributions are equally welcomed.
- Participants are encouraged to look for strengths-based solutions to include in the action plan.

# Fearless Scotland : RAISING AWARENESS OF SEXTORTION

**Learning & Development Framework:**  
Multi-agency | In-person | Skilled Practice | Learning Session

This ONLINE Webinar is brought to you by Fearless Scotland and will be supported by NSPCC and Police Scotland to provide expert information and answer your questions.

**Fearless** is the youth service of independent charity Crimestoppers.

**Sextortion** is a form of online blackmail.

It is where criminals threaten to share nude or semi-nude photographs of their victim (often to the victim's personal contacts on social media) if money is not paid or if the victim does not comply with some other harmful demand. The image may be a real photo taken by the victim or a fake image that the criminal has created to pursue blackmail.

**This short training session is for adults who work with young people in Scotland and will explore:**

- what sextortion is
- ways to prevent and spot the signs of sextortion
- what young people should do if they become a victim of sextortion
- Fearless' national sextortion campaign and what resources are available to equip young people with more information about the crime
