Forth Valley Multi- Agency Locality Learning Sessions

Approach to working with Domestic Abuse

- The Safe and Together Model is an internationally recognised suite of tools and interventions designed to help child and family serving systems become domestic abuse informed.

* This is crucial training for staff across adult and children’s services given that domestic abuse is a significant concern for many families across Scotland including Falkirk, Stirling and Clackmannanshire. *

Falkirk Community Planning Partnership have invested in delivering Safe & Together training to our multi-agency partners since 2017. This training is aimed at increasing Falkirk’s multi-agency staff’s learning of a domestic abuse model that will improve cross system collaboration, improve staff competencies while aiming for better outcomes for families.

Staff are invited to attend from: all services across Falkirk’s Community Planning Partnership. This includes Adult Services, Children's Reporter, Children's Panel members, Education, Fire & Rescue Service, Health, Housing Services, Police, Social Work, Third Sector Services, Mental Health Services.... and any other service whose staff would benefit from having an insight understanding the impact of domestic abuse If you work in other services and feel this may be of benefit to you and want more information, please contact multi-agencytraining@falkirk.gov.uk

CHRONOLOGY

LEARNING SESSION

Adult & Children’s Services

Date/Time of Event	Date/Time Event Recorded	Key Event and Brief Explanation of Significance(including category)	Action and Outcomes	Source Agency and Agency Contact

Skilled training for: Managers and practitioners who work with children, young people, and families, especially where there are concerns for children’s wellbeing and safety.

This includes Adult Services, Children's Panel members, Children's Reporter, Child Review Co-ordinators, Education, Fire Service, Housing, NHS, Police, Social Work, Third Sector family support services.

Content: This learning session will confirm our understanding of chronologies knowing that they provide a key link in the chain of understanding needs/risks, including the need for protection from harm. We will review how they give a summary timeline of child and family circumstances [or those of an individual using adult services], patterns of behaviour and trends in lifestyle that may greatly assist any assessment and analysis.

The learning session will assist you in your practice with current and ongoing assessment and risk management, with particular emphasis on how you undertake ongoing analysis of the information you are recording.

FALKIRK Multi- Agency Locality Learning Sessions

Trauma Informed and Responsive Practice

- These learning sessions aim to enhance awareness of the prevalence and impact of psychological trauma within our communities and how it impacts on the work we do. The trainings aim to support the development of trauma-informed and responsive practices. Staff are invited to attend from all services across Falkirk's Community Planning Partnership.
- You can use the following link to help you decide what level of training you require: [Knowledge and Skills - National Trauma Transformation Programme](#)
- We realise that trauma can be an emotive and potentially triggering subject. The training refers to various types of trauma and you will be asked to think about trauma in relation to your service and the work that you do. You will not be asked to share any details of your own traumatic experiences. If you'd like to know more or have a discussion prior to attending the training, please contact: cheryl.aitken@falkirk.gov.uk
- Should you require support for your own wellbeing, your organisation should be able to provide you with details of the supports they offer.

UNDERSTANDING Harmful Sexualised Behaviour in Children and Young People

Learning & Development Framework:

Forth Valley Multi-agency | In-person | Skilled Practice | Learning Session

Skilled training for: Managers and practitioners who work with children, young people, and families.

This full-day session is aimed at those practitioners who work closely with children and their families and who are most likely to take a lead role in carrying out assessments of need where there are known or suspected concerns relating to a child or young person's harmful sexualised behaviour.

This learning event will not provide practitioners with the skills to do specialist assessments around Harmful Sexualised Behaviour, but its intention is to provide practitioners with sufficient knowledge and understanding to support their assessment of any child possibly in these circumstances, and to recognise where practitioners see the need for a more specialist consultation or intervention

Content: Enhance awareness of:

- Definition of Harmful Sexualised Behaviour
- Typical childhood development of healthy sexual development
- What influences young people in their sexual development
- Assessment considerations in supporting children and young people displaying harmful sexualised behaviour
- Adult responses and comfort levels – barriers to conversations with children
- Creating safe spaces - starting a conversation with children and young people
- Responding to concerns - hearing disclosures
- Supporting a family through processes
- Intervention styles and models of understanding
- Methods of support and engaging families affected by harmful sexualised behaviour

Assessing Neglect and Its Impact on Children and Young People (use of Neglect Toolkit)

Practitioner Learning Sessions AND Manager Briefings

Learning & Development Framework:

Multi-Agency | In-person | Enhanced | Learning Session

The child and adolescent Neglect Toolkit is a structured judgement tool designed to assist professionals to identify whether children and adolescents are at risk of, or experiencing, parental neglect (parent is used throughout to refer to any main caregiver) and to plan action to address this in collaboration with parents.

It is a tool to be used supervision, multi-agency meetings, core groups, team around the child meetings, child protection planning meetings and in partnership with families, to help professionals to reflect on the child/young person's circumstances, and help to put concerns into context, identifying strengths and resources.

The toolkit can be used to inform decision-making, assessments and planning.

It does not replace other professional assessments processes but is a complementary framework.

Content:	MANAGERS BRIEFING	PRACTITIONERS SESSION
- Exploring and defining neglect - How to identify neglect using the Neglect Toolkit - Highlighting the importance of assessment and analysis in recordings - Using the Neglect Toolkit resources - Increase skills and confidence in being able to share concerns, undertake assessments and make plans alongside families.	This is aimed to provide an overview and understanding of the Neglect Toolkit for Managers, Seniors and professionals in a supervisory role with staff who work with Children and their Families across the multi-agency continuum.	This is aimed at practitioners who work directly with children and families across the multi-agency sectors who have concerns for a child or young person's wellbeing.

Let’s Talk About Stigma (Substance Use)

Learning & Development Framework:
Multi-Agency | In-person | Skilled Practice | Learning Session

Skilled training for: Falkirk Council and partner agency staff across services where stigma may impact engagement, outcomes, or staff confidence—including housing, social work, health, criminal justice, education, and community support teams.

Content : Facilitated by Alcohol and Drug DP Development Officer, this training is designed to challenge and reduce stigma around substance use, mental health, and social disadvantage—particularly within frontline service delivery. It equips staff with the awareness, tools, and confidence to respond with compassion, fairness, and professionalism in every interaction.

- Core Learning Objectives:** By the end of the session, participants will:
- Understand what stigma is, how it works, where it comes from, and how it shows up in policy, language, and everyday interactions
 - Explore the impact of stigma on individuals, communities, and service engagement
 - Reflect on **unconscious bias** and common stigmatising language.
 - Recognise that stigma is often unintentional but still harmful, and identify ways to interrupt it
 - Learn how to use non-stigmatising, inclusive language and reframe narratives around people who use drugs, live in poverty, or face mental health challenges

Promoting Self-Care and Well-being

Learning & Development Framework:
Multi-Agency | In-person | Informed | Learning Session

Informed Training for: Falkirk Council, Falkirk Health & Social Care and multi-agency staff across Falkirk’s Community Planning Partnership

Content : Wellbeing is the state of being comfortable, healthy or happy and can be influenced by a range of factors including:

- Career and work factors
- Emotional factors
- Financial factors
- Health factors
- Social factors

Whilst these factors are both work and non-work related, we can create environments that supports ourselves and others in improving and maintaining our own health and wellbeing.

Core Learning Objectives: What is self-care?

We will all experience mental health issues from time-to-time. Talking about how we're feeling is what we do every day, but there are times when we may need more than just someone to talk to. Recognising when we need additional support and techniques is a good way of developing an understanding of how we feel, what affects our mood, and importantly helps us to take action to keep ourselves well.

IRD - Interagency Referral Discussions

Children & Families

LEARNING SESSION

Adult & Children’s Services - Forth Valley Oline Session Facilitated by Clackmannanshire staff

Skilled training for: This training is for the intensive workforce - those from Police Scotland, Local Authority and NHS Forth Valley who have specific designated responsibility for child support and protection key processes as part of their role. This could be because you are a senior worker who participates in Initial Referral Discussions (IRD's) or you are a lead worker or council officer who prepares the information to be shared at IRD.

Content: IRD's are a crucial part of our risk assessment and risk management process. This is an essential update for members of the intensive workforce. Please attend one of the arranged training sessions where you will have the opportunity to refresh yourselves on the purpose and remit of IRD's; look at local processes; and have opportunity to learn, reflect and discuss this area of practice with colleagues.
