

## What will this involve?

This is an opportunity to share how we have been using nurture principles to support children and young people families and the wider school community.

The 'Wee Blether' is a format where we talk informally about 3-4 specific questions. This will be in mix of small and big groups and will be facilitated by Educational Psychologists and Education Scotland colleagues from FVWL. We will use Microsoft Teams as the communication platform.

## What will we be 'blethering' about?

- How are we using the nurture principles to support our feelings of school community and identity for our staff?
- Our children and young people?
- And our families?

**Forth Valley & West Lothian  
Regional Improvement  
Collaborative invite you to:**

## **'WEE BLETHER' NUMBER 3:**

**Fostering feelings of school  
community during a pandemic  
Wed, 25 November 2020 16:00–17:00**
