

## FVWL Regional Improvement Collaborative Literacy Plan Summary 2020-2021

Develop collaborative learning approaches which build staff capacity to deliver high quality learning experiences for all.

Directly support practitioners to develop their knowledge, understanding and application of research informed pedagogy which is proven to improve outcomes for children and young people.

Develop collaboration between practitioners within and across local authorities to promote leadership at all levels.

Strive to raise attainment for all and close the poverty related attainment gap by supporting reflection on performance of pupils to enable continuous improvement.
