As part of the ongoing work across Glasgow to promote diversity, equalities, and anti-racist practice within education, the Glasgow Educational Psychology Service are hosting an information sharing event for school staff across the city.

This event aims to bring together a wide range of local and city-wide services and community organisations who support BPOC, asylum seeking and refugee families within Glasgow through practical supports, advice, community activities and much more!

Each organisation will be given a stall to provide information, share resources and allow for discussion with attendees.

To support us with planning, could you please email [william.corral@glasgow.gov.uk](mailto:william.corral@glasgow.gov.uk) to confirm attendance.
