

Share Resources

[ICT for Teaching & Learning in Falkirk Primary Schools](#) from Malcolm Wilson, ICT Curriculum Development Officer for Falkirk Council Education Services

A blog makes it easy to collect, curate, organise and share resources from around the web

- Post links, screenshots and information about online resources.
- Organise resources with categories and tags.
- Initiate discussion with other people with the same interests.
- Add supporting material, files, video and audio.
- Publish efficiently, save time.
- Network and publicise your posts automatically through Twitter.
-

Tip Use the *Press This* tool to quickly post resources from anywhere on the internet to your blog.

Press This is a bookmarklet: a little app that runs in your browser and lets you grab bits of the web.

Use *Press This* to clip text, images and videos from any web page. Then edit and add more straight from *Press This* before you save or publish it in a post on your blog. Drag-and-drop the ***Press This*** link to your bookmarks bar or right click it and add it to your favorites for a posting shortcut.
