

# Add to Your phones Home Screen

This is a really useful tip for people who want to follow a Glow Blog site.

It gives you one-tap access to the school website, just like an app, so you never miss important updates.

## On Android Phones & Tablets (Chrome)

1. Open Google Chrome
2. Go to the school website
3. Tap the three dots (:) in the top-right corner
4. Tap Add to Home screen
5. Edit the name if you like
6. Tap Add

An icon will appear on your home screen

It opens straight to the school website

## On iPhone or iPad (Safari)

**!** This must be done using Safari (not Chrome or Facebook's browser)

1. Open Safari
2. Go to the school website
3. Tap the Share button (the square with an arrow ↑ at the bottom)
4. Scroll down and tap Add to Home Screen
5. You can change the name if you wish
6. Tap Add

The school website will now appear as an icon on your home screen

Tap it anytime to open the site quickly

## Why add the school website to your home screen?

- Quick access to school news, dates, and updates
- Saves time — no need to search or type the web address
- Always up to date — you see the latest information instantly
- Works like an app without taking up extra storage
- Useful for busy families — one tap and you're there
