

MVP MODEL

Peebles High School

OVERVIEW

All S5 and S6 receive the 2 core lessons. We then ask for volunteers to become MVP mentors. They then complete the 2 day training to permit them to deliver 6 lessons across the year to S2 students. S6s can use MVP as their leadership project.

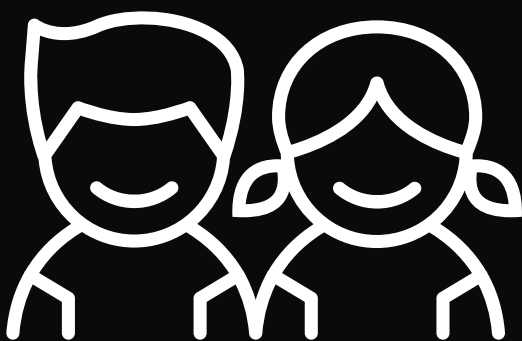

BENEFITS

- 6 lessons is not too time consuming for the seniors.
- The S2s get to know their mentors well.
- Having S5 and S6 means that we are not starting from scratch every year with all new mentors as lot of S5s continue into S6.

CHALLENGES

- Trying to get male students to volunteer.
- Pupils found the 2 day training hard and felt it was too in-depth compared to what they had to deliver in lessons. Many decided not to continue after the training.

YEAR GROUPS

S5 & S6 delivering MVP lessons to S2 pupils.
