Arran Room/ FF10

Pupils should be accessing the website for individual curricular materials. If you require support in completing the tasks please contact Miss Drummond on
gw16drummondfiona1@glow.ea.glasgow.sch.uk

Below is a list of some additional tasks which can be accessed to assist with a variety of literacy/numeracy/IT areas.

Depending on the level of need the following tasks/activities can be accessed.

Electronic programs which can be accessed on the ipad/phone/PC/tablets.

Reading Wise

This is a programme designed to help with literacy through phonics, decoding and comprehension. Many pupils will already have a log in.

If registered (has to be done by Miss Drummond (Support for Learning) the pupil will have
- o a username – first name followed by letters gr (no spaces in between) and
- o a password – a bird or animal name.

To check whether your young person has a log in please contact Miss Drummond on
gw16drummondfiona1@glow.ea.glasgow.sch.uk stating that are checking if there is a log in for your young person.

If you do not have a log in a simple reading assessment needs to be completed. This can be arranged electronically with Miss Drummond.

Once this is done a log in can be generated and your young person can work their way through the programme independently. Progress will be monitored by Miss Drummond. Ideally pupils should aim to spend 20 minutes, 5 times per week on this activity. The accuracy % is key – the higher the % accuracy the better. This can be found by clicking in the person icon.

Pupils should contact Miss Drummond once they have completed the decoding programme. There is also a comprehension programme which can be worked through.

Literacy Planet

Please check with your English teacher for log ins.

Sumdog

Pupils should have a log in generated by the Maths Department. Please email gw16drummondfiona1@glow.ea.glasgow.sch.uk for information/assistance.

Touch Typing Support

Learn how to touch type/improve your typing. This is a very useful skill and will be useful for everyone to have.

The Typing Club (https://www.typingclub.com/)
- Go to Log in and then find the 'Don't have an account? Sign up' part at the bottom of the page.
- Complete details and sign up Click start on 'Typing Jungle'.
- This is you starting the programme.
