

Work through the tasks set out below that link to what you are doing in class.

Softwoods

- Read the notes on BBC bitesize <https://www.bbc.co.uk/bitesize/guides/zvs392p/revision/2>
- Take notes on softwoods.
- Create a poster (by hand or electronically) about softwoods. It should include:
 - What type of tree they come from
 - At least 3 types of softwoods and their properties
 - Examples of products made from softwoods

Hardwoods

- Read the notes on BBC bitesize <https://www.bbc.co.uk/bitesize/guides/zvs392p/revision/2>
- Take notes on hardwoods.
- Create a poster (by hand or electronically) about hardwoods. It should include:
 - What type of tree they come from
 - At least 3 types of hardwoods and their properties
 - Examples of products made from hardwoods

Manufactured Boards

- Read the notes on BBC bitesize <https://www.bbc.co.uk/bitesize/guides/zvs392p/revision/2>
- Take notes on manufactured boards.
- Create a poster (by hand or electronically) about manufactured boards. It should include:
 - What type of tree they come from
 - At least 3 types of manufactured boards and their properties
 - Examples of products made from manufactured boards

Preparing a Blank for Turning

- Watch these videos showing the steps of preparing a blank for turning
https://www.youtube.com/watch?v=BBp_vimNUgY
https://www.youtube.com/watch?v=AHU_FxT-6c8
 - Write down a list of the tools needed
 - Write down step by step how to prepare a blank.
 - Sketch each step to help explain your answer.
