NEWS UPDATE SEIC QAMSO NETWORK

What's the SEIC QAMSO Work All About?

A central role for the SEIC QAMSO (Quality Assurance and Moderation Support Officer) Network is to contribute to the SEIC Improvement Plan in realising Strategic Goal 1: Learning, Teaching and Assessment, to achieve consistency in approaches to learning, teaching and assessment. Another priority for the network is to develop the leadership role of the QAMSOs, and it is envisaged that identified QAMSOs, including those in training will be invited to co-construct and co-deliver professional learning for practitioners across SEIC.

The SEIC QAMSO Network will be launched on 13th September 2021 from 1600-1700. Assessment coordinators in each local authority will send out the link for this meeting. A focus for this session will be to deliver professional learning in relation to digital moderation in the BGE using the SEIC digital moderation tool. This session will be delivered by SEIC QIO A.T.Lawrie who will share information about the SEIC Assessment and Moderation Rationale. Louise Stevenson, Head of the City of Edinburgh Council, Edinburgh Learns Teaching and Learning Team, will share the work undertaken to align the digital moderation tool with the SEIC regional model.

QAMSO Training

The SEIC QAMSO Network will offer the online QAMSO programme to identified QAMSOs, and those in training from across East Lothian, Midlothian and Scottish Borders.

The sessions will be delivered from 1:30pm-3:30pm on:

10/9/21, 24/9/21, 29/10/21, 12/11/21, 3/12/21 and 21/1/22.

If you wish to sign up for this training please contact your LA assessment coordinator.

This year, Education Scotland is offering a regional online QAMSO programme to build capacity around robust teacher professional judgement. The programme will be delivered as 6 twilight sessions and will replace the national offer that previously ran across 4 full days. These twilight sessions will be delivered on Teams and have capacity for 60 participants and delivered by National Improvement Framework Officer for the SEIC, Sharon Brown. Due to limits on capacity, sessions will be delivered in the City of Edinburgh Council and Fife Council separately.
