

# St Angela's Primary School and Nursery Class

## Mobile Phone Policy

This policy was created in consultation with St Angela's Parent Council and St Angela's Pupil Voice committee.

In St Angela's we place child safety and safeguarding at the heart of all we do.

Our Mobile Phone Policy has been created in order to ensure that all pupils are learning in a safe and purposeful learning environment.

As a school we are aware that some pupils may require a mobile phone to contact parents/carers before or after school. Therefore, if a child is bringing a mobile phone to school, it is expected that this phone is turned off whilst on school grounds.

It is expected that the mobile phone is stored in the pupil's school bag at all times. St Angela's Primary School and Nursery class accepts no responsibility or liability to any loss or damage to these devices whilst on school premises.
