Dear Parent/Carer

As we begin the academic session, it is important that the information we have relating to you and your children is up to date. Historically this has been done through providing paper forms for families to fill in. Moving forward, this information will be updated using **ParentsPortal**. (Not to be confused with ParentPay).

ParentsPortal is a digital platform which allows 24 hour online access to:

- Update your address and contact details
- Review the Annual Data Check which contains personal details about your child
- Sign Permission Slips electronically
- Make online booking for Parents Evenings
- View your child's attendance
- View the school calendar
- Report your child's Absence
- Free Bus Travel application (NEC – National Entitlement Card – for Primary Schools only)
- Access to key info e.g. Seesaw etc

As Glasgow City Council moves towards a carbon-neutral target for 2030, we all have a role to play in reducing our environmental impact. Annually, a significant amount of paper is used for these purposes, at a substantial cost to school budgets.

At present we have 124 pupils out of 365 pupils registered on **ParentsPortal**. It is vitally important that ALL of our children are registered on **ParentsPortal**. Not being registered on **ParentsPortal** can lead to children missing out on opportunities in school, as parental permissions have not been granted.

To create an account on **ParentsPortal**, please visit <https://parentsportal.scot/pportal/>

Instructions on how to register on **ParentsPortal** are in the separate attachment to this communication.

If you require assistance, please contact the office on 0141 638 9646

Kind regards – Aidan Kerlin (Acting Headteacher)
