Classes for Session 2025-26

20th June 2025

Dear Parent/Carer

Thank you for your patience in awaiting the allocation of children to classes for next session. We are now able to confirm the following class configuration.

I would like to remind parents and carers that children move forward as part of a working group. Therefore, this ensures that they can continue to work within a group rather than as an individual. Great care and lengthy discussions have taken place with staff to ensure this is done robustly and all children's needs are met. We appreciate that sometimes this results in a friendship being split, however academically it is essential that children can work as a group and not in isolation.

In relation to composite classes this is still the case, and I wish to reassure you that it does not mean your child is either working down or up a stage. They will work with a group in their year group. Please refer to:

https://www.southlanarkshire.gov.uk/info/200186/primary_school_information/559/classroom_organisation_in_primary_schools for further information on class structures and formation within South Lanarkshire.

Teachers continue to plan collegiately, particularly when stages are split across classes.

Due to all the aforementioned, children are placed in the most appropriate class and therefore we are not in the position to make any movement. Thank you for your continued support and understanding.
