

# P6 Personal Project

Prepare and present a project with any theme.

Begin by **selecting** and **researching** your topic, then **present** the information in a variety of ways.

You are encouraged to ask advice from teachers, parents or other reliable sources, to produce the highest possible standard of project work, BUT please remember the final work must be entirely your own.

Points to remember:

- You may handwrite or word process your project, or use a mixture of both.
- Include a variety of presentation techniques
- Make it interesting and attractive for readers to enjoy.
- Make sure the front page clearly states your title and your name.
- Include an introduction, conclusion, glossary and bibliography.

Helpful hints for a Personal Project

1. Select a topic you are personally interested in
2. Spend time researching the topic thoroughly
3. Be selective about what you include
4. Reference all your sources in the bibliography
5. Vary your presentation by including things like:
  - tables
  - graphs
  - maps
  - lists
  - photographs/illustrations
  - diagrams
  - newspaper cuttings
  - artefacts
  - quizzes
  - diary entries
  - related adverts
  - games
  - any fun, interesting or clever way of presenting what you have found!

Your Personal Project should be completed by 26th April.

The best Personal Project will be awarded a prize at the end of the year.
