Looking to have this in the form of an App. It is hoped to have an online booking system to assist with areas such as Parents Evenings.</p> <p>Comments</p> <ul style="list-style-type: none"> • One container for all information would be ideal. • Link to Parents Portal from Parents Council Website would be good • Emails coming out from school having subject reference is very helpful • Finance of App – who is paying for it? App is being financed by Scottish Government • Parent Portal Set Up – a bit difficult to navigate through the sign in process
