

## #KPSLovesSTEM 17

### Photo scavenger hunt

#### You will need:

- a smartphone or a tablet (with camera)

#### What to do:

Go on a walk around your local area or choose to stay at home or in the garden! Can you follow the instructions from the video to take 3 different styles of photograph?

Nature: can you identify what you have captured?

A panorama: you could do as the video suggests and add people!

A portrait shot: this could be of a person or a pet!

If you've enjoyed taking photos, branch out and try some styles of your own! Maybe you could snap a landscape or take a short video clip.

Follow the link  
attached for a  
tutorial!
