

- If providing a packed lunch for your child, please make sure that they know to ask for help if they find something difficult to open (Remember we are a nut free school)

- Develop fine motor skills through playing with play dough, small beads etc this helps to strengthen the muscles to hold a pencil

Name

- Help your child to recognise their own name. This supports them in finding their coat peg or names on their clothes

These are all suggested skills, but please don't worry if your child struggles with any of them as we understand how difficult these very stressful times are. When school begins your child will be fully supported by all staff to make sure the transition to Primary 1 is as smooth as possible.
