

SUCCESSFUL LEARNERS

THE KPS BEST LESSON

K - Kindness
P - Positivity
S - Success

LOVE LEARNING
LEARNING FOR
LIFE

CONFIDENT INDIVIDUALS

Next steps are built on feedback and assessment, the children plan their next steps.

Effective questioning is used throughout the lesson to promote independent and creative thinkers.

Lessons are differentiated, challenging and relevant with high expectations.

I am highly engaged in my learning, I am motivated to challenge myself.

My teacher plans high quality learning experiences using learner pathways.

I know what I am learning and know what to do if I get stuck. Everyone is there to help me in the class.

THE TEACHERS

The learning is designed to promote confident, creative and independent learners.

Learning Intentions and Success Criteria are created with the children, they are discussed throughout the lesson.

I understand what progress looks like and I know what I need to do next.

THE LEARNERS

I have a growth mindset, I talk about and share my learning, I love learning through play.

The children are involved in planning, they are asked what they want to learn.

I reflect on my learning, I make use of all feedback I am given, including self and peer assessment.

I love learning and I know the Meta Skills I am using and developing in preparation for the future!

I work independently and with others, in groups and pairs to improve my learning.

The displays are beautifully presented with children's work....

IDL

The high quality and positive learning environments promote skills development and inspire children to be creative and independent.

THE LEARNING ENVIRONMENTS

The classroom environment is based on the Circle Inclusive Classroom principles.

Learning takes place outdoors, in the classrooms and in the shared learning spaces.

The ICT resources and equipment enhance and support the learning and develop the children's digital skills.

Our curriculum focuses on anti-racism and the social justice guide to an inclusive education.
