# Our Vision, Values and Aims

---

## Our School Vision, Values and Aims

King's Oak Primary School is a place where all children, regardless of race, gender, age or personal circumstances are supported, nurtured and encouraged to learn and develop in an environment that is welcoming and safe. Pupils and staff are treated sensitively and fairly and are encouraged to reach their full potential through an ethos of mutual respect. Pupils are encouraged to be healthy and active through a planned programme of curricular and extra-curricular activities.

## Our aims are:

- To provide a safe, happy and motivating learning environment, at the heart of our community
- To promote a sense of wellbeing and respect
- To develop a culture of ambition and achievement
- To encourage children to take responsibility for their learning and behaviour
- Ensure all children can achieve their full potential academically, emotionally and physically.

## Pupil Equity Fund –Session 2020-2021

### **NIF Priority**

#### Closing the attainment gap between the most and least disadvantaged children

The school roll in King's Oak is 278 pupils; with 83.1 % of pupils residing in SIMD 1 and 2 however taking bands 3 and 4 into consideration this increases to 95.2%. Only 13 pupils reside in SIMD bands 5-10. This accounts for 4.5% of the school population. The overall attendance is session 2019-2020 was 91.2% which is lower than the local authority average

Our SIMD profile does not lend itself to focussing on identifying the attainment gap between SIMD 1 and 2 and SIMD 9 and 10. Instead we compare SIMD 1 and 2 with 3-10. We have a whole school focus on raising attainment for all pupils, particularly those not making expected progress.

Across the school:

In session 2019-2020, the data gathered in P1 showed increased attainment in only reading. This increased from 81% to 84.4% showing most children to be on track. Across King's Oak only 1 out of the 7 stages showed reading as their lowest area of attainment. This was P1. Progress in this will be monitored in session 2020-2021.

In 2019-2020, 4 out of 7 stages in King's Oak had writing as their area of requiring the most attention to raise attainment. The average rate of attainment in writing across these four stages is 64%. This is satisfactory progress over time. This is an area identified within the school recovery plan and following SIP as data analysis last session signposted this as a priority.

P7 data shows both attainment progression and dips from session 2019/19 into session 2019/20. Attainment in reading lowered by 8.5% as well as talking and listening lowering by 0.6%. Attainment in numeracy increased slightly by 1.1% to 54.9%. This is satisfactory progress over time.

Planned future focus will be to:

Continue to engage with literacy CMO's to support writing development as an area identified within the recovery plan in King's Oak. Consistency in approaches to the teaching and assessment of writing will continue to be developed across the session.

Implement Inverclyde progression pathways in literacy and numeracy to support planning and assessment.
