

Planning for childcare hubs continues. We are aiming to open the hubs on 25/3/20. The online survey closed today at noon and we are processing applications. We hope to share the outcomes only with those key workers who have been allocated places tomorrow 24/3/20. KWs should only access the hubs if their situation is critical. Due to staffing capacity places will be prioritised against the SG's 3 KW categories. The situation will be kept under review in line with our staffing capacity.
