**NIF Priority**

Closing the attainment gap between the most and least disadvantaged children

At Moorfoot Primary School our priority is to raise the attainment of every learner within our school but particularly those who may be disadvantaged as a result of the poverty related attainment gap. Our current role is 263.

Fifteen pupils (5.7%) live in an area of SIMD bands 1 and 2.

- Nineteen pupils (7.2%) have "free meal entitlement" (FME).
- Twenty eight (10.6%) are recorded as having an "Additional Support Need" (ASN).

Across the school all learners are making progress in Reading, Writing, Listening and Talking and Maths with most making at least expected or better progress.

SEAL

The further introduction of SEAL at the Early stages and purchase of additional resources has allowed enhanced delivery by staff.

Attainment in Numeracy increased at all levels across the school.

Highest level of overall attainment achieved in Maths in predictions for June 2019 since session 2015 to 2016.

Children who require additional support at First and Second Levels, showing greater understanding of number and number sense.

Teachers indicate increasing confidence in delivery of SEAL.

ADDITIONAL SUPPORT STAFF

We aim to identify and address barriers to learning for all learners across our school. We aim to minimise exclusions and critical incidents. PEF funding has allowed us to employ an Additional Support Needs Auxiliary to support pupil behaviour and learning:

Continued downward trend in number of exclusions across the school.

No critical incident forms submitted to HQ this session.

Observations/feedback from staff and pupils indicate fewer disruptions to learning in classrooms.

Data shows improvements in attainment for learners.

VISIBLE LEARNING TRAINING

All staff sharing learning intentions and success criteria with learners.

The majority of staff co construct success criteria with pupils.

A few staff are exploring the use of feedback.

Pupils are talking more frequently about their learning and making use of the school's "five learning dispositions".

ASN TOOLBOX

DHT and ASN Teacher have made valuable use in diagnostic testing using this resource which has also supported follow up action points. This has impacted on the attainment of pupils with ASN.
