**NIF Priority**

Closing the attainment gap between the most and least disadvantaged children

At Moorfoot Primary School our priority is to raise the attainment of every learner within our school but particularly those who may be disadvantaged as a result of the poverty related attainment gap. Our current role is 252.

Seventeen pupils (.7%) live in an area of SIMD bands 1 and 2.

- Thirty-three pupils (13%) have "free meal entitlement" (FME). This is a rise of over 60% from last year's figure.
- Forty-eight (19%) are recorded as having an "Additional Support Need" (ASN).

Across the school all learners are making progress in Reading, Writing, Listening and Talking and Maths with most making at least expected or better progress.

**ADDITIONAL SUPPORT STAFF**

We aim to identify and address barriers to learning for all learners across our school. We aim to minimise exclusions and critical incidents. PEF funding has allowed us to employ additional Support Staff to support pupil behaviour and learning:

Continued downward trend in number of exclusions across the school. Zero exclusions over past two sessions

Reduced number critical incident forms submitted to HQ this session.

Observations/feedback from staff and pupils indicate fewer disruptions to learning in classrooms.

Support Staff supporting with revision and consolidation in literacy and numeracy.

Support Staff have undertaken training in relation to "escalators and de-escalators".

**DIGITAL EQUITY**

During periods of remote learning, we ensured all families had access to devices to allow participation in synchronous and asynchronous learning. We liaised with third sector organisations and were supported through laptop donations from our school community. Online videos were made available to parents to provide guidance and support to access online platforms.

**HIGH QUALITY LEARNING, TEACHING AND ASSESSMENT AND METACOGNITION (Learning how to learn)**

All staff share learning intentions and success criteria with learners.

Almost all staff co construct success criteria with pupils.

Some staff are exploring the use of feedback.

Pupils refer to frequently about their learning and making use of the school's "five learning dispositions". Pupils indicate the "learning dispositions" helped during remote learning.

**Rationale:**

Of the learners impacted by poverty, a targeted number show low levels of engagement and focus when undertaking independent learning tasks.

These identified learners exhibit low levels of self-regulation which impacts on relationships with peers and their sense of emotional wellbeing.

Positive impact of this intervention from previous sessions.

<b>Project / priority</b> <b>(details of what you are doing and who you are targeting with additional intervention)</b> <b>(Outcomes)</b> <b>Who? By how much? Rationale: Of the learners impacted by poverty who are “on track” with learning, an average of 3.7% (Reading) and 7.4% (Writing) are working “beyond expectations” in comparison to 19% (Reading) and 26% (Writing) for those learners in SIMD bands 3 to 10.

Of the learners impacted by poverty and have an additional support need, we are looking to accelerate their learning through targeted support and deliberate practice to secure improved outcomes.

<p>Project / priority (details of what you are doing and who you are targeting with additional intervention) (Outcomes) <b>Who? By how much? <p>Targeted learners who are “beyond expectation” in Reading will increase from 3.7% to at least 10% by June 2022.</p> <p>Targeted learners who are “beyond expectation” in Writing will increase from 7.4% to at least 15% by June 2022.</p> <p>Targeted learners who have an additional support need will have overtaken at least 90% of their individual planned literacy outcomes within the given timescale.</p>	<p>Aug '21 to June '22</p> <p>Reviewed during Termly Reflection Meetings</p> <p>GIRFEC Meetings</p> <p>Daily informal interactions with pupils and PSAs.</p> <p>Collegiate Planning meetings</p>	<p>Through additional training, PSAs will provide additional support for learners, ensuring regular opportunities for deliberate practice and consolidation of writing, phonics and spelling. ## Rationale:

Of the learners impacted by poverty, less than 4% are working "beyond expectations" in Numeracy in comparison to 29% of those learners from SIMD bands 3 to 10.

Observations and staff feedback indicate difficulties of targeted learners in fluency in recall of number facts and processes.

Targeted learners require additional support to apply their learning when tackling word problems and in unfamiliar contexts.

<p>Project / priority (details of what you are doing and who you are targeting with additional intervention) (Outcomes) <b>Who? By how much? By when?</b> <b>What?</b></p>	<p>Timescale</p>	<p>Details of spend  (Intervention) <b>What will you buy to meet the outcome and how much it costs</b></p>	<p>How will you evidence improvement?  (Measures) <b>Where and what will you see</b></p>
<p>Targeted learners who are "beyond expectation" in Numeracy will increase from less than 4% to at least 12% by June 2022.</p> <p>Through additional training, PSAs will provide additional support for learners, ensuring regular opportunities for deliberate practice and consolidation of number facts, number processes, phonics and spelling. This includes the purchase of additional pupil resources.</p>	<p>Aug '21 to June '22</p> <p>Reviewed during Termly Reflection Meetings</p> <p>GIRFEC Meetings</p> <p>Daily informal interactions with pupils and PSAs.</p> <p>Collegiate Planning meetings</p>	<p>Purchase updated core maths resources which link to new methodologies and approaches, SEAL and the Numeracy Progression pathways. Core resource to be used across the school.</p> <p>Leckie: Primary Maths for Scotland £2661.23</p> <p>PSA to support as indicated above following training: SEAL (no cost) Numeracy blueprints (No cost)</p> <p>Power of Two Manuals: 40 @ £22 £880</p>	<p>Class Teacher/PSA observations indicate increased fluency and accuracy of number facts by targeted pupils.</p> <p>Learner conversations show improved understanding of number concepts and processes and the ability to explain their thinking.</p> <p>Classroom observations and learner conversations show learners tackling number word problems with increasing confidence and increasing levels of challenge</p> <p>Class teacher observations show increased levels of confidence of targeted learners when engaged in learning.</p>

**Rationale:**

A targeted group of Primary 2 learners, impacted by poverty, have failed to make expected progress in reading and find difficulty blending and decoding unseen words in text.

A group of targeted learners at P4, 5, 6 and 7, who have been impacted by poverty, have failed to achieve expected levels of attainment in Reading.

Their ability to decode and "break down" words has impacted on independent writing and spelling skills.

A targeted group of Primary 4 learners impacted by poverty are failing to achieve expected levels of attainment in Reading with less than 17% working "beyond expectations".

The importance of reading comprehension and gains to be made for learners as indicated in EEF Guidance.

<p><b>Project / priority</b> (details of what you are doing and who you are targeting with additional intervention) (Outcomes) <b>Who? By how much? By when?</b> <b>What?</b></p>	<p>Timescale</p>	<p><b>Details of spend</b>  (Intervention) <b>What will you buy to meet the outcome and how much it costs</b></p>	<p><b>How will you evidence improvement?</b>  (Measures) <b>Where and what will you see</b></p>
<p><b>Almost all targeted learners at P1 and P2 stages will recognise and read all initial consonants, double consonants, blend CVC and CVCC words by June 2022.</b></p> <p><b>At least 14% of the targeted pupils from P4,5,6 and 7 will be "on track" in Reading by the end of June 2022.</b></p> <p><b>Targeted learners working beyond expectations in Reading at Primary 4 will increase from just below 17% to at least 33% by June 2022.</b></p>	<p>Aug '21 to June '22</p> <p>Reviewed during Termly Reflection Meetings</p> <p>GIRFEC Meetings</p> <p>Daily informal interactions with pupils and PSAs.</p> <p>Collegiate Planning meetings</p>	<p>Introduce "Dandelion Launcher" reading scheme in Primary 1 for new readers and as reinforcement/consolidation and "catch-up" for First/Second Level targeted learners. <b>£2000</b></p> <p>I Books? Additional resources from the scheme being considered for targeted learners. <b>£1000 TBC</b></p> <p>"Cracking Comprehension" resource to support explicit teaching of reading comprehension skills as a whole class approach.</p> <p>Focused input from Classroom Support/Recovery Staff to target individual learners/groups of learners. Additional classroom based resources Total: <b>£1000</b></p>	<p>In class reading records, Primary 1 and 2 Class Teachers indicate increased levels of fluency of early readers.</p> <p>Individual phonic checklists for targeted learners show firm grasp of all covered phonemes.</p> <p>Observations of targeted learners, show learners are successfully tackling "unseen" texts independently.</p> <p>During reading sessions, targeted P4 learners show increased understanding of a variety of texts.</p> <p>During learner conversations, targeted P4 learners can talk about reading comprehension strategies.</p>

Rationale:

EEF Toolkit indicates oral language interventions may result 7month average additional progress for targeted learners, impacted by poverty.

<p>Project / priority (details of what you are doing and who you are targeting with additional intervention) (Outcomes) <b>Who? By how much? By when?</b> <b>What?</b></p>	<p>Timescale</p>	<p>Details of spend  (Intervention) What will you buy to meet the outcome and how much it costs</p>	<p>How will you evidence improvement?  (Measures) Where and what will you see</p>
<p>By identified dates all pupils who have been impacted by poverty will have overtaken at least 90% of their individual planned Oracy Framework targets within the given timescale.</p>	<p>October 2021 to June 2021</p>	<p>Input from Voice 21 Project (Webinars)</p> <p>Initial costing £600.00</p> <p>Professional reading resources for staff: £400.00</p> <p>HT (Joint Lead of Oracy Project) to work with targeted pupils to support the development of oracy skills and self confidence with close reference to the Oracy Framework.</p>	<p>Comparison of baseline observations and end of year comparisons from targeted learners show greater understanding of what high quality talking and listening looks like, sounds like and feels like. (Create set criteria based on Oracy Framework to focus on physical, linguistic, cognitive and social /emotional skills)</p> <p>Monthly learner conversations with HT and targeted learners shows learners can talk with increasing detail and insight about effective talking and listening skills.</p> <p>Feedback from Class Teachers indicates targeted learners are contributing more fully to discussion during learning.</p>

**Rationale:**

Of the children who have been impacted by poverty and have an additional support need we are looking to accelerate progress through use of PEF to support Literacy, Numeracy and Health and Wellbeing.

<p><b>Project / priority</b> (details of what you are doing and who you are targeting with additional intervention) (Outcomes) <b>Who? By how much? If course doesn't run due to low numbers there may be capacity for tutor to come to school. £2000</p> <p>Solar Bear Theatre Company workshops: 1 Taster workshop £150 Block of 11 weekly sessions: £1650</p> <p>DYW / Role model opportunities: Punk Chef: Costs TBC Deaf Vet: Costs TBC Dr Audrey Cameron: Science workshops</p> <p>Outdoor Centre experience £1000 approx TBC</p>	<p>Class Teachers and PSAs see children engaged in learning in learning environments.</p> <p>Written examples of learning show progress in individual literacy and numeracy targets.</p> <p>Observations show targeted learners more able to communicate with a wider range of staff.</p> <p>Learner conversations indicate increased understanding of opportunities relating to study/training or employment in the future.</p>

Rationale:

Access to digital learning is often compromised as a result of poor connectivity across the school.
