OPAL Newsletter

May 2026

Hello Newarkers!

Our playgrounds are becoming more and more exciting everyday! We have lots of new resources that have been added including the stage, tuff trays, den building, chalk and crafting, connect four, space hoppers and more! Our OPAL PowerPoints with our journey so far are all on our website.

Please try to ensure your child has a change of clothes or waterproofs in a bag, this means no matter the weather they can get outdoors!

For Example:

DONATIONS

As we continue on our OPAL journey we need more magical items to spark our children's imagination and creativity.

Any donations are much appreciated!

We have been working incredibly hard to develop our playgrounds but we would be grateful for any parent support!

If you are skilled in building, joinery or could spare an hour or two to help, please get in touch! We are looking to build a mud kitchen using pallets, pallet houses, we have an outdoor classroom that needs built and a reading corner that needs rebuilt. We would be extremely grateful for any offers!

WE NEED WELLIES!

If you have any old wellies lying around, we are in desperate need of some more for muddy play!
