

**PORT GLASGOW  
HIGH SCHOOL**  
SUCCESS FOR ALL

## **Block 1**

### **Supported Study Timetable**

**October to December 2022**

## Supported Study is your pathway to success this year....

- it offers you the chance to reinforce your class learning
- it offers the opportunity to gain directed help and advice from class teachers
- it allows you to spend additional time targeting areas you need help with

This year Supported Study will run over **6 weeks** between October 2022 and December 2022 when National 5 S4 Prelim Examinations will begin. This allows you to target all your subject areas, where offered, and ensure you are ready for assessment and studying regularly towards your final exams in 2023. A second block of Study will take place from Jan/Feb 2023.

Attending Supported Study should form part of your weekly study plan from now until the end of March. Doing this will help you to build your confidence and be well-prepared for course assessments.

### You should:

- ✓ Sign up in advance for Study Sessions with your class teachers
- ✓ If you sign up – you must attend the session. Texts will be issued for non-attendance to alert parents. If you have a **good** reason you cannot attend, please let your class teacher know in advance.
- ✓ Prepare a weekly Study Plan NOW – this is essential for maximising your success this year. See the sample Study Planner at the end of this booklet and see Ms Welsh for blank planners you can complete with your own plan.

Transport home IS available on request. Please see Ms Welsh if you require this. Please do not miss study sessions due to lack of transport. Transport is not available for pupils living within walking distance of the school campus.

***YOU MUST SIGN UP IN ADVANCE WITH YOUR CLASS TEACHER – GET READY FOR SUCCESS THIS YEAR!***

# Use IT to help you study this year...

Log in to Scholar through your Glow Account – it should be one of your tiles. You then have at least 2 options!

**Option 1:** Click on one of the Courses for a subject you are studying and work through the resources. An example is shown below for English:

The screenshot shows a grid of course tiles for National 5 subjects: Chemistry, Computing Science, English, and French Support Materials. An arrow points from the English tile to a detailed view of the 'Reading' course. The detailed view shows the course path: Courses > National 5 English > 1. Reading for Understanding, Analysis and Evaluation > 1. Reading. It includes learning objectives, a list of activities, and a list of downloads.

**Option 2:** Go straight to the Online Tutor Sessions and choose Recordings to see past sessions or check the schedule for upcoming sessions.

The screenshot shows the 'Online Tutor Sessions' page with a navigation menu and a list of session topics: Introduction, Schedule, and Recordings. To the right is the 'Available Courses' table.
