

**PORT GLASGOW  
HIGH SCHOOL**  
SUCCESS FOR ALL

**Block 2**  
**Supported Study**  
**Timetable**  
**February – March 2023**

## Supported Study is your pathway to success this year....

- it offers you the chance to reinforce your class learning
- it offers the opportunity to gain directed help and advice from class teachers
- it allows you to spend additional time targeting areas you need help with
- it allows you to address weaker areas identified by prelim results

This year Supported Study will run over **8 weeks** between February and March 2023. This allows you to target all your subject areas, where offered, and ensure you are ready for assessment and studying regularly towards your final exams beginning in April 2023. This also includes some Saturday School sessions which have been proven to make a BIG difference to results.

Attending Supported Study should form part of your weekly study plan from now until the end of March. Doing this will help you to build your confidence and be well-prepared for course assessments.

### You should:

- ✓ Sign up in advance for Study Sessions with your class teachers
- ✓ If you sign up – you must attend the session. Texts will be issued for non-attendance to alert parents. If you have a good reason you cannot attend, please let your class teacher know in advance.
- ✓ Prepare a weekly Study Plan NOW – this is essential for maximising your success this year. See the sample Study Planner at the end of this booklet and see Ms Welsh for blank planners you can complete with your own plan.

Transport home IS available on request. Please see Ms Welsh if you require this. Please do not miss study sessions due to lack of transport. Transport is not available for pupils living within walking distance of the school campus.

***YOU MUST SIGN UP IN ADVANCE WITH YOUR CLASS TEACHER – GET READY FOR SUCCESS THIS YEAR!***

# Use IT to help you study this year...

Log in to Scholar through your Glow Account – it should be one of your tiles. You then have at least 2 options!

**Option 1:** Click on one of the Courses for a subject you are studying and work through the resources. An example is shown below for English:

The screenshot shows a grid of course tiles for National 5 subjects: Chemistry, Computing Science, English, and French Support Materials. Each tile shows 0% course progress and a 'Start' button. An arrow points from the English tile to a detailed view of the 'Reading' course. This view includes learning objectives, a list of downloads (Topic 1: Reading Log, Topic 5: Exam Skills, Portfolio character notes, Show don't tell worksheet), and activity links.

**Option 2:** Go straight to the Online Tutor Sessions and choose Recordings to see past sessions or check the schedule for upcoming sessions.

The screenshot shows the 'Online Tutor Sessions' page with navigation links (Home, Why SCHOLAR?, Using SCHOLAR, My SCHOLAR) and a list of links: Introduction, Schedule, and Recordings. To the right is a table of available courses.

English, Maths, Sciences and Social Subjects webinars will begin in w.b. September 26th. Other webinars will begin in w.b. October 31st. Please check individual Teams for details of start dates.

You can also access the ACHIEVE application which was introduced to you in December 2022.

All pupils from S4 – S6 have access to ACHIEVE and most subjects are covered by the application.

See below on how to access and make sure you sign up and highlight your own subjects to begin accessing quizzes, past paper questions and self-study tools that will help you on your way to success this year.

## Student Quick Start

The quickest way to access ACHIEVE is by following these 3 simple steps:

1. Visit <https://achieve.hashtag-learning.co.uk/>
2. Sign up with your email address and password
3. When prompted, enter the Port Glasgow High School code **cgioFyEb**

From here you can select all your National 5 and Higher courses, and access the Learn, Assess and Self-evaluate modules for each.

## Further Help and Support

This guide provides a summary of the ACHIEVE help guides which can be found within the program and on our website: <https://letsachieve.co.uk/support/help/>
