West College Scotland

Schools Vocational Programmes

Welcome to West College Scotland's Senior Phase Programme; we are delighted that you are considering coming to study at our College.

If you are unsure what you want to do when you leave school then read on...

The courses we offer are ideal if you want to explore subjects and possible career choices which you may not have had the opportunity to study at school. Our courses are designed to give you a whole new learning experience which is different from your school learning. We aim to help you develop new skills relevant to future employment in the wider world and give you the opportunity to progress to further or higher education, so that you achieve your ambitions.

We look forward to welcoming you to West College Scotland.

COVID 19 - Due to the ongoing pandemic, the delivery of courses may be subject to change. Delivery of all courses are in line with government guidance.

West College Scotland

Foundation Apprenticeships

Learn the skills you need for the future, while you're still at school

What is a Foundation Apprenticeship?

A Foundation Apprenticeship is an SCQF Level 6 qualification. You can sit a Foundation Apprenticeship over two years, starting in 5th year or a shorter duration course starting in 5th or 6th year alongside your Highers and National 5s.

The difference is, you spend time away from school, at college and with an employer. So you get real, practical work experience.

- ✔ **Get a qualification that employers recognise and the skills you need to start a career in that industry**
- ✔ **Open up your options after school**
- ✔ **You get to work on real projects with an employer. Some of Scotland's biggest, best known organisations are involved, including Barclays, Network Rail and the NHS**
- ✔ **It's a chance to try a career out - so you can decide if it's right for you**

Where could a Foundation Apprenticeship take you?

Straight to Work

An FA gives you skills employers want – like timekeeping, problem solving, communication and teamwork.

You'll have connections with employers, work experience and qualifications recognised by industry.

All this looks great on your CV.

A Modern Apprenticeship

In the same subject: You could complete your MA quicker because you'll have completed some elements of the MA during the FA.

In another subject: You'll already have the experience of learning on the job. That looks good to employers who are recruiting MAs.

A Graduate Level Apprenticeship

You'll have the experience of learning through work – so you're ready to do it a higher level.

With a GLA, you can take your studies further, even up to Master's Degree level. All while you have a job.

College or University

Foundation Apprenticeships are recognised by many Scottish universities and colleges

COVID 19 - Due to the ongoing pandemic, the delivery of courses may be subject to change. Delivery of all courses are in line with government guidance.

INTRODUCTION TO VEHICLE TRADES

Course Outline

This Vocationally Related course is designed to engage and motivate 14-19-year olds who are interested in learning about the automotive retail industry. This course requires the learner to complete an eportfolio to record the knowledge and skills attained. This can be completed on a mobile smart phone, tablet, laptop etc. Students will also have access to elearning course material allowing for study on the move.

Access to laptop/smart device and WiFi would be advantageous.

The Motor vehicle industry continues to see truly inspiring developments, exciting change and sustainable growth in both personal and public transportation. It is an excellent place to build a secure future and already employs more than 800,000 people in the UK.

Entry Level Recommended

A genuine interest in vehicles and how to fix them is a must. SCQF level 4 qualifications would be an advantage.

Course Content

This qualification consists of a combination of Motor Vehicle related units only:

- ✔ **Routine Motor vehicle checks.**
- ✔ **Routine Motor Vehicle Wheel and tyre checks**
- ✔ **Routine Motorcycle Checks**
- ✔ **Motorcycle construction**
- ✔ **Minor Vehicle Dent Removal**
- ✔ **Mixing and applying Body Filler**
- ✔ **Shaping Body Filler**

Progression

This Award qualification provides a stepping stone for learners who wish to enhance their knowledge and skills onto the Level 1 Certificate in Transport Maintenance (Motor Vehicle or Motorcycle), Level 2 Diploma in Vehicle Body repair or Level 2 Diploma in Vehicle Accident Repair Paint principles.

Interview

The interview may include a short questionnaire.

ACCOUNTANCY FOUNDATION APPRENTICESHIP

Course Outline

The Foundation Apprenticeship in Accountancy is for pupils in S5 or S6 and takes 1 years to complete. The aim of the Foundation Apprenticeship Accounting course is to help you understand and use financial information. You will learn to record financial accounting information (and bookkeeping), prepare financial information, indirect tax, analysing accounting information, management accounting and professional ethics for accountants.

Please note work experience will be limited with this Foundation Apprenticeship due to AAT exams and will be arranged during the course.

Entry Level Recommended

- ✔ **Achieved National 5 Maths and English at grade A or B**
- ✔ **National 5 Business Studies will be advantageous**
- ✔ **Working at Higher level**
- ✔ **There may be an element of independent online learning required.**

Course Content

- ✔ **Preparing management accounting information**
- ✔ **Analysing accounting information**
- ✔ **Preparing financial accounting information**
- ✔ **Recording data in the ledger**
- ✔ **Professional ethics for accountants**
- ✔ **Work placement unit**
- ✔ **Advanced bookkeeping**
- ✔ **Final accounts preparation**
- ✔ **Indirect tax**

Progression

- ✔ **HNC/D Accounting**
- ✔ **Modern Apprenticeship in Accounting**
- ✔ **University**

BUSINESS SKILLS FOUNDATION APPRENTICESHIP

Course Outline

The Foundation Apprenticeship in Business Skills is for pupils in S5 and takes 2 years to complete. In S5 the Foundation Apprenticeship will feature the National Progression Award (NPA), plus the new unit 'Contemporary Business Issues'. In S6 it will mainly be delivered in the workplace, and will enable workplace competence to be developed. In addition, the Foundation Apprentices will complete the SCQF level 6 Work Placement unit.

Entry Level Recommended

National 5 Maths and English and preferably a business subject.

Pupils should have an interest in at least one of the following areas: business processes, procurement, entrepreneurship, accounting or management.

Course Content

- Understanding business
- PC Passport - Working with IT software
- Plan how to manage and improve own performance in a business environment
- Support other people to work in a business environment
- Management of people and finance
- Contemporary business issues
- Communicate in a business environment
- Design and produce documents in a business environment

Progression

- HNC/D Business, Accounting or Administration & IT
- Modern Apprenticeship in Business Administration
- University

Interview

SOCIAL SERVICES CHILDREN & YOUNG PEOPLE FOUNDATION APPRENTICESHIP

Course Outline

The Foundation Apprenticeship in Social Services Children and Young People is for pupils in S5 & S6. Pupils can study this framework over a 1 or 2 year period (S6 1 year only).

Pupils will complete a National Progression Award (NPA) at SCQF level 6. This includes knowledge units that support pupils to develop an understanding of how children develop and learn, play and child protection. Pupils will also complete the 4 mandatory Units of the SVQ 2 Social Services Children and Young People. The NPA will provide knowledge and an introduction to the skills that will help complete the SVQ units. The NPA has 24 SCQF credit points at SCQF level 6 and the 37 credit points at SCQF level 6. These two parts, along with associated work placement, form the Foundation Apprenticeship in Social Services Children and Young People.

Entry Level Recommended

National 5 English and working towards Higher

Please note: all candidates are required to be vetted by Disclosure Scotland as part of the Protecting Vulnerable Groups Scheme (PVG Scheme).

Course Content

- ✔ Safeguarding of children and young people
- ✔ Communication with children and young people
- ✔ Promote the safety and wellbeing of children and young people
- ✔ Support the health and safety of yourself and individuals
- ✔ Support the safeguarding of children
- ✔ Play for children and young people
- ✔ Development of children and young people
- ✔ Support effective communication
- ✔ Develop your own knowledge and practice

Progression

- ✔ Modern Apprenticeship
- ✔ NC Early Education & Childcare
- ✔ Higher Social Care Level 6
- ✔ HNC Childhood Practice or Social Services
- ✔ University

NPA TELEVISION PRODUCTION

Course Outline

This flexible and thought provoking course enables pupils to study all aspects of television news. It can be used within the context of Media Studies, English, Citizenship and related subjects the resources can be adjusted to suit the subject as well as the level of pupil. Pupils will learn to critically analyse television news as well as create their own news stories. They will use digital technologies as well as online tools to select, edit and produce news stories, whilst working within the TV studios environment. This course is made up of four lesson plans corresponding pupil worksheets. It has been conceived using a concept map which sees the news (and indeed all media) as involved in a circuit of meaning; the structure has been informed by the key aspects approach that underlines most UK Media Studies courses. The news course can easily be integrated with the study of other Media forms.

Breaking the news aims to give students a theoretical and practical understanding of the social, political, creative, technological and ethical choices involved in television news. It is designed to encourage pupils to consider the role of the news services in a democratic society, and develop a lifelong interest in political, social and economic issues both nationally and globally.

Entry Level Recommended

A genuine interest in general Media

Course Content

- Basic Video Camera Operations
- Basic Video Editing
- Sound Recording for Single Camera
- Directing a Single Camera Production
- Multi Camera Studio Production Roles

Progression

- NC Media
- HNC Creative Industries: Television

Frequently Asked Questions

How do I get there?

If transport is required this is organised through your school and will take you back to the nearest point to your home at the end of the day.

For Foundation Apprenticeships travel expenses will be provided for work placements located more than 2 miles from your home.

How are these programmes different from the subjects I take at school?

The main difference is that you will spend time at college while working towards qualifications at SCQF Level 4, 5, 6 or 7.

If you are studying a Foundation Apprenticeship you will spend time in a work placement with an employer.

How will the courses be certified?

You will receive a certificate from the relevant awarding body (SQA, IMI etc.).

So what are the benefits?

The award itself will act as a springboard into the workplace, a modern apprenticeship, or to go onto college or university. You will develop valuable skills such as communication, working with others and problem solving, skills that are beneficial in the world of work.

Who do I contact if I have a problem while at College?

The School Liaison Section is based in room 106 within the College and your lecturer will show you where this is on your first day.

It sounds great - how do I apply?

Places are limited, you should speak to your pastoral/guidance teacher as soon as possible. You should also read the option details for your choice of course and discuss this with your parent or guardian. Your school will instruct you on the relevant online application process.

For Foundation Apprenticeships you must apply online through the West College Scotland website.
