

What are we doing to improve our school this year?

2025-2026

We are developing our approaches to Mental Maths to make sure it is consistent across all classes.

We are continuing to develop play into Primary 3 and developing outdoor learning across the whole school.

We are continuing to develop positive relationships across the school and making sure the wellbeing needs of everyone are being met.

We will continue to raise attainment across the school and get people the right help at the right time to help them to succeed.

We are continuing to develop pupil leadership and will review and develop our anti-bullying policy.

We are developing meta skills, particularly Critical Thinking, Collaborating, Adapting, Creativity and Initiative.
