

# St Michael's Primary

## Transition Booklet Primary 2

## Miss Delaney

Hello, my name is Miss Delaney and I'm going to be the Primary 2 teacher this year. I was the Primary 5/4 teacher last year and have been lucky enough to meet you all already. I am so excited to be your new teacher and learn more about you. I have lots of exciting ideas of how we can have fun and learn in our new classroom. I really enjoy art and reading stories which we can do together. Have a fantastic Summer and I can't wait see you all again in August.

This is Room 4 which will be the new Primary 2 classroom. It has been set up a little differently with all seats facing the front of the class to ensure everyone is safe and has enough space. Your teacher has your class ready for you and can't wait for you to return to school in August.

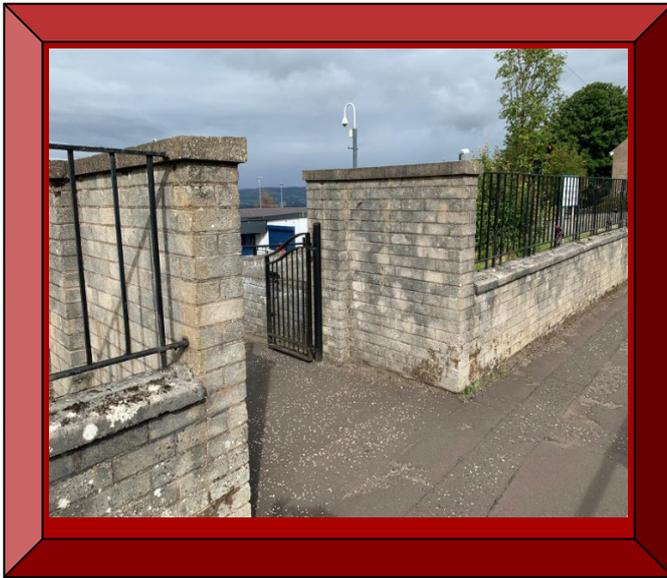

This is where you will line up each morning. Your teacher will meet you at your line up point and lead you into school. It is important to remember to keep your distance when travelling into and around the school. Your teacher will help you with this. There will also be posters around the school to remind you.

This is the entrance you will use each day. You will also leave using this doorway each day.

This is the pathway for you to use when you arrive and leave school each day. Each class has a different pathway to ensure there is enough space to safely socially distance.

You will see this sign around the school to remind you of how to keep safe. Washing hands is very important to keep ourselves and others safe. We have hand sanitiser stations for you to use when you enter and leave the building as well as at each door when you travel around the school. We will also have hand washing times throughout every day. This will be when you arrive in the morning, before play time, after playtime, before lunch, after lunch and before you go home.

**CORONAVIRUS (COVID-19)**  
Please follow these guides

**Social distancing**  
Please keep a distance of 2 metres (6ft)

**Hand washing**  
Wash your hands with soap and water often - do this for at least 20 seconds  
Use hand sanitiser gel if soap and water are not available

**Coughs & sneezes**  
Cover your mouth and nose with a tissue or your sleeve (not your hands) when you cough or sneeze  
Put used tissues in the bin immediately and wash your hands afterwards

**Don't**  
Do not touch your eyes, nose or mouth if your hands are not clean

**Thank you**
