

St Michael's Primary

Transition Booklet Primary 3

Mrs Moses

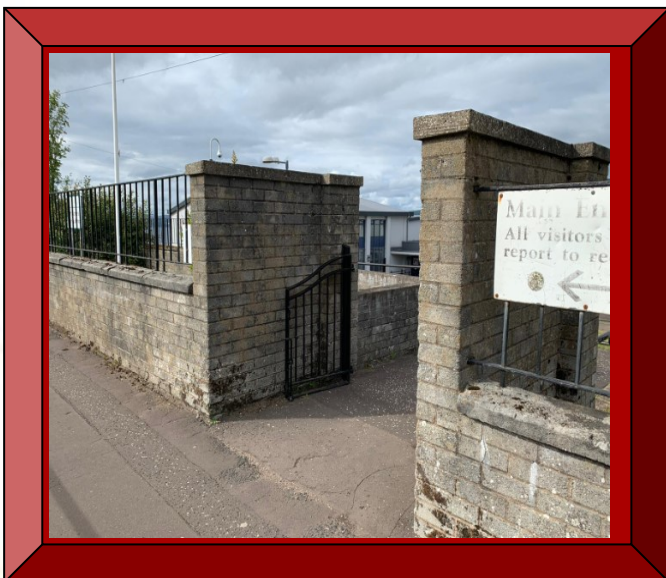

I am so excited to be back at St Michael's this year and be the new Primary 3 teacher. I already know all of you so well and I am so excited to be your teacher again. We will have lots of fun and lots of learning in Primary 3. I hope you all have a wonderful Summer break and I can't wait to see your smiling face in August. Remember I am on Twitter and love hearing about what you're doing so please share your pictures and news with me. See you soon!

This is Room 3 which will be the new classroom for the P3. There is lots of space to move around and work with your classmates at different areas. Your teacher has your class ready for you and can't wait for you to return to school in August.

This is where you will line up each morning. Your teacher will meet you at your line up point and lead you into school. It is important to remember to keep your distance when travelling into and around the school. Your teacher will help you with this. There will also be posters around the school to remind you.

This is the entrance you will use to the school grounds each day. You can follow this path down to reach your line up area. You will also leave using this pathway each day.

Once you arrive at school and line up in the P3 line up area, you will then enter the school by this door located at the infant playground. You will leave school by the Bridgend Avenue door with Primary 1 and 2 where you will meet your family.

You will see this sign around the school to remind you of how to keep safe. Washing hands is very important to keep ourselves and others safe. We have hand sanitiser stations for you to use when you enter and leave the building as well as at each door when you travel around the school. We will also have hand washing times throughout every day. This will be when you arrive in the morning, before play time, after playtime, before lunch, after lunch and before you go home.

CORONAVIRUS (COVID-19)

Please follow these guides

Social distancing
Please keep a distance of 2 metres (6ft)

Hand washing
Wash your hands with soap and water often - do this for at least 20 seconds
Use hand sanitiser gel if soap and water are not available

Coughs & sneezes
Cover your mouth and nose with a tissue or your sleeve (not your hands) when you cough or sneeze
Put used tissues in the bin immediately and wash your hands afterwards

Don't
Do not touch your eyes, nose or mouth if your hands are not clean

Thank you
