

Saint Michael's Primary School

Remote Learning Policy

Family Edition

A learning pack that has all the resources needed to let them be successful

A live check in with their teachers every day and the opportunity to catch up with their friends

Online support from teachers every day between 9am and 3pm with feedback given on all learning uploaded to Assignments on Teams

A specially designed pack of lessons every two weeks that can be done at home or in the Hub

Learning opportunities that will help them develop independent learning skills and also look after their wellbeing

What can learners expect?

Make sure you are familiar with
Inverclyde Council's Digital Safeguarding Policy

Find a routine that suits your family. Families are all different and we shouldn't compare ourselves with others. Take breaks when you need them.

<https://bit.ly/3pHhwcZ>

Signpost your child to the live sessions with their teacher and the recorded lessons. This will help them have success with the new learning in their packs.

Please call the school office before 9.30 if your child is unwell and unable to take part in their online lessons

Call or email the school for advice.
Remember you are not alone!

Encourage your child to complete their online learning tasks and their pack. They should upload completed work through Assignments on Teams.

What should parents do?

Do their very best in their daily learning online and in their pack. Using the Super Six will help them with this.

They should always be guided by our school values.

Keep active every day and get outdoors if they can. They should remember to speak to someone they trust about how they are feeling, especially if they are anxious or overwhelmed.

Colin Co-operator

Use their stuck strategies when their learning is challenging

Register every morning and follow the daily timetable set by their teacher, taking breaks whenever they need them. Learning should be uploaded to Assignments on Teams.

Strategising Sam

Follow the feedback given by their teacher and reflect on their learning. This will help them make progress.

Sally Self Believer

What should pupils do ?

We can, and will,
get through this together

We will keep in touch
with families through
phone calls, newsletters
and emails.

We will keep our remote
learning offer under
review and will consult
with parents every four
weeks.

We will call parents after
two days of
non engagement in
learning online to see how
we can help.

We will continue to work
with our local authority and
partner agencies to address
digital barriers to learning
that families may be facing.

Our full remote learning policy can be accessed at <https://bit.ly/2MhbxgN>
