Depute Head Teacher: Mrs G Ogilby

WELCOME FROM THE HEAD TEACHER

December 2021

Dear Parents and Carers,

Welcome to the St Patrick's Primary School Handbook. At St Patrick's Primary we offer you and your child(ren) a warm welcome to the school. Whether you are an existing member of the St Patrick's community or a prospective parent I hope you find this Handbook informative.

St Patrick's has a proud tradition as a school very much at the heart of the parish and community and we strive to maintain and develop the finest aspects of this tradition. Our school takes great pride in the warm and welcoming atmosphere, which staff, pupils and parents have worked hard to achieve. We consider ourselves to be an open school; we encourage our parents to be involved in the life of the school and, when covid mitigations allow, visit us for various events throughout the year. We also encourage parents to contact us directly with any suggestions or concerns.

In St Patrick's we strive to ensure that, from Primary 1 to Primary 7, our pupils have the best opportunities possible enabling them to fulfil their potential. We value our strong partnerships with our families and look forward to working with you to continue your child's learning so we can provide the best experiences, enabling our children to achieve the best possible outcomes.

We strive to keep you up-to-date using Twitter, email and a monthly newsletter but should you require further information, or wish to discuss any matter, please contact the school office.

Yours sincerely,

*K Doherty*Mrs Kirsteen Doherty
Head Teacher

AUTHORITY STRATEGIC STATEMENT

Building Inverclyde through excellence, ambition and regeneration.

Goals and Values

Our Core values are: **Respect, Honesty and Tolerance.**

Our vision for the children and young people of Inverclyde is that they should be ambitious for themselves and be **successful learners, confident individuals, responsible citizens and effective contributors.**

To achieve our ambition of building Inverclyde through excellence, ambition and regeneration our children must be:

Safe: protected from abuse, neglect and harm by others at home, school and in the community.

Healthy: enjoy the highest attainable standards of physical and mental health, with access to healthy lifestyles.

Achieving: have access to positive learning environments and opportunities to develop their skills, confidence and self-esteem to the fullest potential.

Nurtured: educated within a supportive setting.

Active: active with opportunities and encouragement to participate in play and recreation including sport.

Respected and responsible: involved in decisions that affect them, have their voices heard and be encouraged to play an active and responsible role in their communities.

Included: have access to high quality services when required and should be assisted to overcome the social, educational, physical, environmental and economic barriers that create inequality.

ST PATRICK'S VISION, VALUES AND AIMS

Our Vision

In St Patrick's we strive to provide a secure, happy, caring school in which each child is nurtured and enabled to achieve his/her full potential through effective learning and teaching experiences of the highest quality. Our motto is inspired by our Patron Saint, St Patrick; ***Christ be beside me in all I say, all I do and all I am.***

Our Values

Kindness is at the heart of all we do. Members of St Patrick's Community are guided by the 3 Rs and 2 As;

Respect, Rights and Responsibility and we are Ambitious to Achieve.

Our Aims

To foster an open, welcoming and caring school in which all children feel safe, healthy, achieving, nurtured, active, respected, responsible and included.

To nurture successful learners by providing all pupils with the best opportunities to achieve their full potential and prepare them for a life of learning.

To inspire responsible citizens who develop positive attitudes to serve the common good, promote social justice and opportunity for all.

To form confident individuals with a self-belief and passion for using their God given talents to pursue excellence for themselves and others.

To encourage effective contributors with enterprising attitudes, resilience and independent skills capable of positively impacting on the communities in which they live.

To develop as a community of faith, promoting Gospel values and respecting the dignity of all God's children.

SCHOOL INFORMATION

St Patrick's Primary School
Broomhill Street
Greenock

Tel: 01475 715696

Website: <https://blogs.glowscotland.org.uk/in/stpatricksprimary/>

Twitter: @StPatricksPS15

Email: instpatricks@glowscotland.onmicrosoft.com

Present Roll: 261

Capacity: 341

Working Capacity: Working capacity of school may vary dependent upon the number of pupils at each stage and the way in which the classes are organised.

Saint Patrick's Primary is a denominational (Roman Catholic) primary school which serves the centre of Greenock and offers education for pupils from P1 to P7. The school is a lovely modern building which opened in November 2016. It is a bright, stimulating environment for children to learn and was designed to make the most of the natural light and stunning views over the River Clyde. Accommodation includes a PE hall, an expressive arts room, a library area, a dining area, 3 playground areas and daily access to the adjacent 3G football pitch owned by Inverclyde Leisure.

School Hours

08:00 – 08:45 Breakfast Club (Tue/Wed/Thu)

09:00 School Opens

10:30 – 10:45 Interval

12:15 – 13:00 Lunch

15:00 School Closes

(as a result of covid mitigations interval and lunch times can vary).

Punctuality

We expect all pupils to be on time. We suggest pupils arrive in the playground between 8:45am and before 9:00am ready for school to begin at 9:00am

Attendance

Good attendance is important for children's progress in learning and we follow Inverclyde Council's Policy on maximising attendance. Our target is for no child to fall below 95% attendance rate in any year.

THE SCHOOL, THE COMMUNITY AND FAMILY ENGAGEMENT

Parish

We enjoy excellent relationships within the school and as part of the local community. The school, as an integral part of St Patrick's Parish, is very much involved with the life of the parish. Monsignor Gerry Gallagher, the Parish Priest of St Patrick's Church who is also our school chaplain supports the school very well, as does the SVDP Society and the parish community, as a whole. On the first Sunday of every month, the children from the school lead the liturgy during Mass in Church for the Parish. A number of children within the school actively trained as Altar Servers and support the celebration of every weekend Mass, as well as school Masses. We visit St Patrick's Church throughout the year and join with the parish community for various Sacraments and celebrations throughout the year.

Children also participate in fund raising, promoted by the Pupil Voice Charities Group for a number of charities, which has included; Missio Scotland, SCIAF, the Live With Hope Centre in Kenya, Mary's Meals, Macmillan Cancer Support and locally supported Inverclyde Foodbank and Ardgowan Hospice.

Local Community

We are lucky to enjoy good relationships and partnerships with a number of local community groups who help us to enhance the experiences we provide in St Patrick's throughout the year. Thanks to our community partners, 32nd Scout Group, CLD were able to use their premises to enable our Crafty Christmas Workshops to go ahead in-person for our families this December. These were well attended and very much enjoyed by everyone.

Family Involvement

Since joining the Attainment Challenge in 2017, we have fully embraced the opportunities that being involved has brought. We have built meaningful partnerships with Community Learning and Development, Barnardo's, Inverclyde Libraries Service and the Coaching and Modelling Officers from the Attainment Challenge Team to support us in promoting family engagement. Our in-person events and activities have been restricted because of covid but we have used digital means to continue working with our parents as best we can.

Prior to covid, Barnardo's hosted a weekly Family Learning Club on a Wednesday after school for all families and children to attend. CLD helped our Nurture Teacher to establish a Parent Drop-in Café on a Friday morning and it was so successful our parents ended up running it themselves! This was an enormous benefit to the life of the school as many of these parents then helped the school throughout the week. CLD help us provide many different types of opportunities and training for parents throughout the year, such as; Families Connect, arts and crafts workshops, and healthy cooking classes.

Family engagement has become so important to our school and our families and children really benefit. We look forward to a time when we can, once again, have our parents and carers fully engaged in the life of the school.

SCHOOL CLUSTER

While its own Head Teacher and Senior Staff manage each school in Inverclyde, we are also part of a cluster of schools and establishments that work together to continually improve and develop. Our cluster involves our neighbouring Primary Schools, the associated Secondary School and Early Years Establishments.

Our Cluster consists of:

- Blairmore Nursery
- Glenbrae Pre-5 Centre
- Hillend Children's Centre
- Wellpark Children's Centre
- All Saints Primary School
- St Mary's Primary School
- Notre Dame High School

We also work very closely with many other establishments, particularly Whinhill Nursery and Whinhill Primary School. Children transfer to us from various other nurseries in Inverclyde and our transition programme extends to them too.

ENROLMENT OF PUPILS TO PRIMARY 1

The registration process for new Primary 1 pupils is undertaken by completing an online application form which can be found on the Inverclyde Council website at <http://www.inverclyde.gov.uk/p1-registration>.

Children who reach the age of five years between 1 March 2022 and 28 February 2023 are due to start Primary 1 at the beginning of the new school term in August 2022. Parents are asked to register their child in their chosen denominational or non-denominational catchment primary school using the online form from Monday 10th January 2022 - Friday 14th January 2022.

It's vitally important that parents follow the online registration process to register their child for a Primary 1 place in an Inverclyde school.

Once parents have completed the Primary 1 registration, they will have the choice to complete a placing request application to a school other than the catchment primary (This includes Primary 1 Gaelic Medium education at Whinhill Primary School). A deferred entry application is also available to parents considering deferring their child's entry to Primary 1 in August 2022.

No documents will be required at this stage; however, we may have to contact you, should we require further information.

Parents will be notified by 30 April 2022 confirming their child's place in school and information regarding induction days will follow from the school after this date.

Parents who do not have internet access to apply online, are asked to contact their child's current Early Years Establishment for assistance.

Our transition programme from early years to Primary 1 ensures that the change from nursery to primary school is as smooth as possible and supports continued learning and progress. Covid has meant that we have been restricted in our plans for transitions but we have made best use of digital technology to ensure as smooth a transition as possible. Our preferred transitions programme is extensive and we will return to it as soon as possible. Details of usual events are provided below.

During the summer term, we invite the new P1 entrants and their parents to visit the school on a number of occasions. This allows the children to get to know each other, as well as the school staff, and to become familiar with the Primary School environment. At this time, we give parents more information about St Patrick's and about Primary 1 in particular. We also have our P6 Buddies visit our new entrants during the session before August entry.

TRANSFER FROM PRIMARY SCHOOL TO SECONDARY SCHOOL

Pupils are normally transferred between the ages of 11 ½ and 12 ½, so that they will have the opportunity to complete at least 4 years of secondary education. Parents will be informed of the arrangements no later than December of the year preceding the date of transfer at the start of the new season.

The secondary school associated with St Patrick's is:

Notre Dame High School
Dunlop Street
Greenock
PA16 9BJ
Tel: 01475 715150

The strong links we have with Notre Dame High School ensure that the change of school is as smooth as possible and supports continued learning and progress. There are a number of opportunities for our Primary 7 pupils to become familiar with the staff and building during their Primary 7 year.

SCHOOL IMPROVEMENT AND ACHIEVEMENT

Information about the main achievements and successes of the school over the past year can be found in our Standards and Quality Report 2020-2021, which can be accessed from our school website, and details our successes and achievements. Our School Improvement Plan for session 2021-2022 can also be accessed from our school website, and details our priorities for planning for improvement.

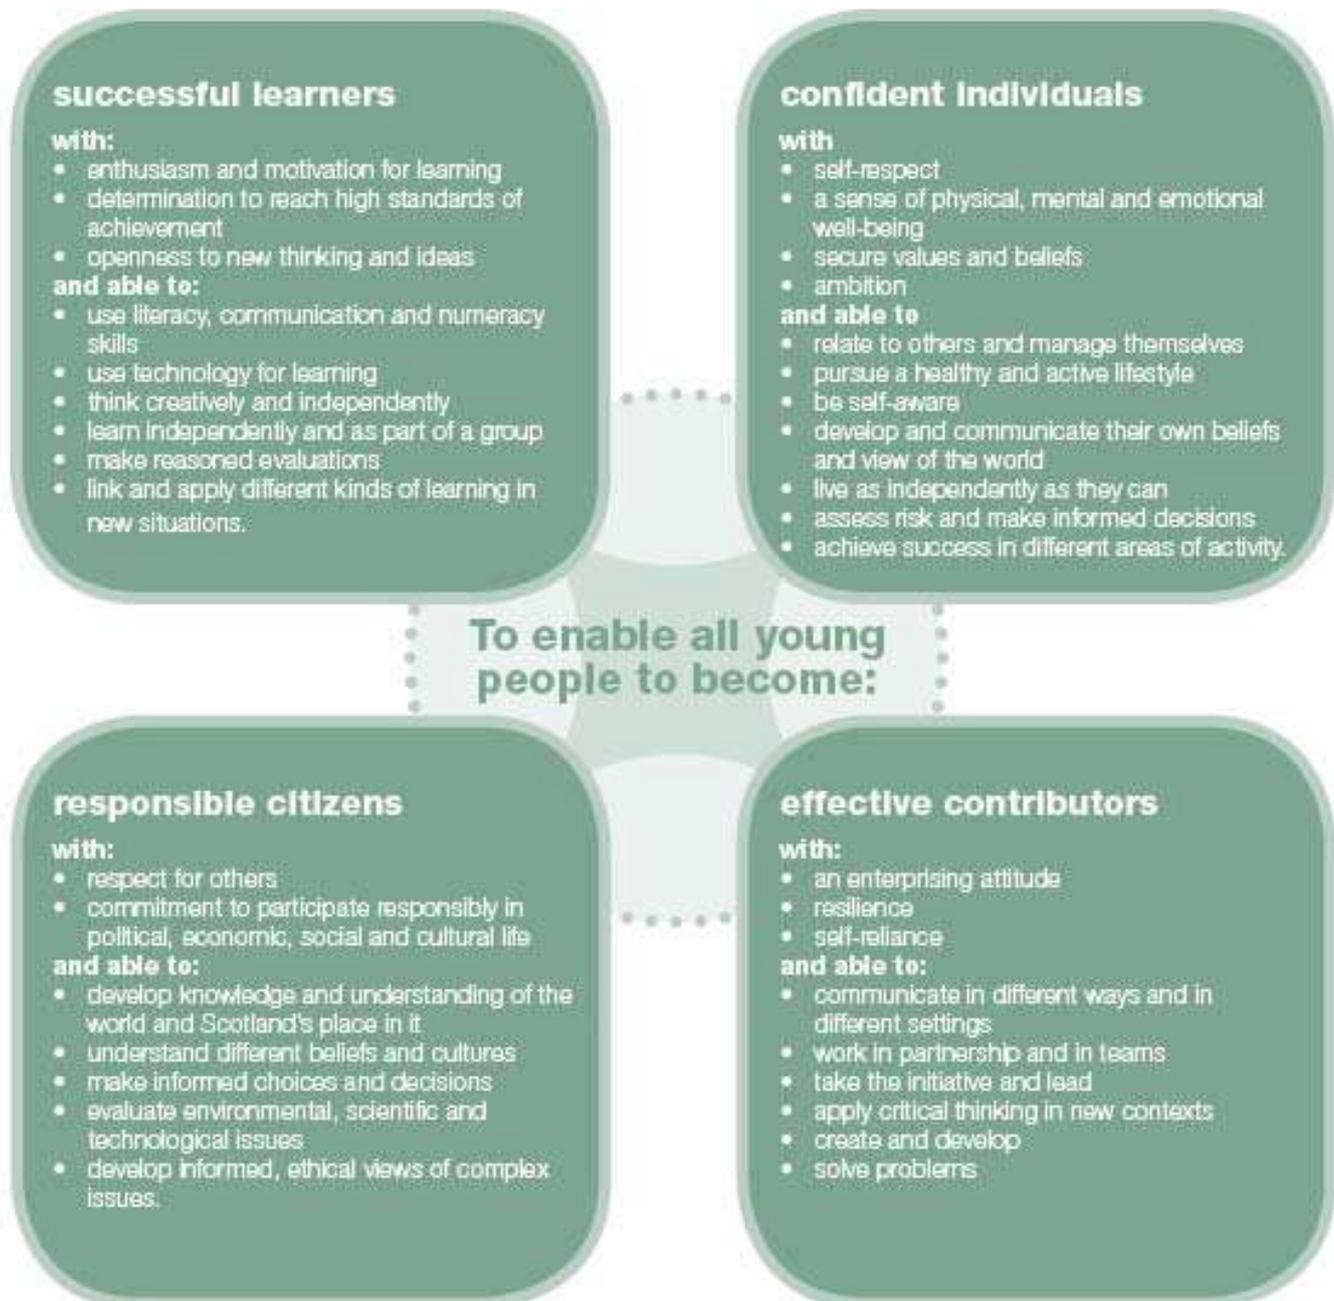

Through our consistent approaches to self-evaluation for continued improvement there is an ethos of shared commitment to collaborative working in St Patrick's. All staff are highly committed to school improvement and the raising of standards to ensure equity and excellence for our learners. This commitment and focus means that throughout the school almost all of our children have achieved the expected CfE levels for their year group in Listening and Talking (94%); while most of our children have achieved the expected CfE levels in Reading (83%), in Writing (82%) and in Numeracy (85%). In St Patrick's we tend to outperform our school comparators.

Our parents and pupils are fully involved in the evaluation of how well we are doing as a school and how we can continue to improve. They are often asked to contribute their views at various times; during meetings, at parents' events, and by survey. The Parent Council is a great asset to the school in terms of consultation, often acting as an initial sounding board for ideas and improvement planning. We have been working hard to enhance the contributions of our pupils to improving the school. We have developed various Pupil Voice Groups who contribute to the improvements planned for the school. We value partnership working and the views of all our school community to help us continue to improve as a school serving our community.

CURRICULUM FOR EXCELLENCE

The curriculum framework for all Scottish educational establishments 3-18 is called Curriculum for Excellence. It is designed to provide the breadth and depth of education to develop flexible and adaptable young people with the knowledge and skills they will need to thrive now and in the future. It aims to support young people in achieving and attaining the best they possibly can to become successful learners, confident individuals, responsible citizens and effective contributors.

During the broad general education, children and young people should:

- achieve the highest possible levels of literacy, numeracy and cognitive skills.
- develop skills for learning, skills for life and skills for work.
- develop knowledge and understanding of society, the world and Scotland's place in it.
- experience challenge and success so that they can develop well-informed views and the four capacities.

The experiences and outcomes under Curriculum for Excellence are written at five levels, with progression to qualifications described under the senior phase.

- **Early Level** – the pre-school years and P1, or later for some
- **First Level** – to the end of P4, but earlier for some
- **Second Level** – to the end of P7, but earlier for some
- **Third and Fourth** – S1 to S3, but earlier for some
- **Senior phase** – S4 – S6 and college or other means of study

In St Patrick's learning is organised to encourage progression from one stage of learning to another. Teachers begin from where the child is and build upon his/her existing knowledge and skills. Active learning is very important. Children work in a variety of ways, at times in groups, and at other times, individually. When pupils change classes, teachers liaise with one another to ensure children progress from year to year.

The following sections outline the eight main curriculum areas, through which learning and teaching are planned to meet the principles for curriculum design: **challenge** and **enjoyment**, **breadth**, **progression**, **depth**, **personalisation** and **choice**, **coherence** and **relevance**.

The curriculum areas:

- Literacy and English
- Numeracy and Mathematics
- Health and Wellbeing
- Expressive Arts
- Sciences
- Social Studies
- Technologies
- Religious and Moral Education (Religious Education in Roman Catholic Schools)

Languages

Literacy and English

“Literacy is fundamental to all areas of learning, as it unlocks access to the wider curriculum. Being literate increases opportunities for the individual in all aspects of life, lays the foundations for lifelong learning and work, contributes strongly to the development of all four capacities of Curriculum for Excellence.” CfE – Principles and Practice.

There are two main aspects of the languages area of the curriculum. The first aspect covers experiences and outcomes in the language a young person needs to engage fully in their learning and in society - whether that is English, Gaelic or, for young people who need additional support, the means of communication which enables them to communicate most effectively. The second aspect covers experiences and outcomes in a modern language. In St Patrick's, Spanish is taught throughout the school. Spanish words and phrases are used throughout the curriculum at all stages, and children learn through listening and talking, games and songs.

Language is at the core of thinking. We develop our ideas, communicate and reflect through language. Language and the development of literacy skills help young people achieve their potential and become active members of society who can contribute through their ideas and work. In St Patrick's, we foster a love of reading. Literature opens up new horizons, and a love of reading can be an important starting point for lifelong learning. We have a range of books available to children in class and in the school library. Talking and listening for thinking is developed across all stages in the school and is used in every curricular area. The teaching of writing takes place within the area of language but also in many other curricular areas.

Numeracy and Mathematics

“Mathematics is important in our everyday life, allowing us to make sense of the world around us and to manage our lives. Using mathematics enables us to model real-life situations and make connections and informed predictions. It equips us with the skills we need to interpret and analyse information, simplify and solve problems, assess risk and make informed decisions.” CfE – Principles and Practice.

Pupils progress through activities designed to equip children with skills required for life, learning and work. At all stages, we aim to make learning in numeracy and maths as active possible and linked to real-life, practical situations.

Mathematics includes specific aspects of numeracy which are developed both in mathematics and through activities in other areas of the curriculum. Learning in numeracy and mathematics involves a variety of topics organised under 3 main headings;

- **Number and number processes**
 - Multiples, factors and primes
 - Powers and roots
 - Fractions, decimal fractions and percentages
 - Money
 - Time
 - Measurement
 - Mathematics – its impact on the world, past, present and future
 - Patterns and relationships
 - Expressions and equations
- **Shape, position and movement**
 - Properties of 2D shapes and 3D objects
 - Angle, symmetry and transformation
- **Information handling**
 - Data and analysis
 - Ideas of chance and uncertainty

Health & Wellbeing

Health and wellbeing includes experiences and outcomes for personal and social development, understanding of health, physical education and physical activity, and food health.

In Physical Education a balanced programme in Gymnastics, Games Skills and Active Health is provided. At various times in the year the children's physical education is enhanced by visiting coaches in a number of areas, for example; football, cricket, rugby, tennis, hockey and basketball, supported by our close working with Active Schools. Parents should note that health and safety requirements state that jewellery of any kind must not be worn where pupils are undertaking games or physical activities. This includes jewellery worn as a result of body piercing. We would ask that parents discourage pupils from having body piercing during term time to ensure full participation in physical education.

Children and young people need to experience what it feels like to develop, enjoy and live a healthy lifestyle. A healthy lifestyle supports physical, social and emotional wellbeing, and underpins successful learning. Learning in health and wellbeing ensures that children and young people develop the knowledge and understanding, skills, capabilities and attributes which they need for mental, emotional, social and physical wellbeing now and in the future.

In St Patrick's we benefit from close working with our partners. Community Learning and Development enhance the learning experiences of our pupils by delivering workshops in Drug Awareness, Healthy Eating and Cyber Safety.

We are proud to have been reaccredited with a Gold Award from Sports Scotland.

Expressive Arts

The expressive arts include experiences and outcomes in art and design, drama, dance and music. Through the expressive arts, children and young people have rich opportunities to be creative and imaginative and to experience inspiration and enjoyment.

The music programme for the school is based upon the ABC music resource. In addition to this, Primary 4 children can try out for string instruction (violin or cello), and in Primary 6 for brass instrument instruction. All P5 pupils have input from Youth Music Initiative. Also in P6 and P7 pupils have the opportunity to be trained for voice by Mrs Wilson as a continuation of the P5 training.

Art and design includes drawing, painting and using a variety of materials, media and techniques to investigate visually and record.

Within drama, children are encouraged to participate in improvisation, role-play, characterisation, simulation and creative movement. We would normally provide opportunities for children to perform in front of an audience eg our Christmas concerts, Grandparents' Day and the Inverclyde Music Festival. We have made changes to keep us covid-safe by using digital recording to reach our audiences instead.

Children experience a range of dance styles, including Scottish Country Dance.

Sciences

Science includes experiences and outcomes in biological, chemical, physical and environmental contexts. In St Patrick's we aim to stimulate, nurture and sustain the curiosity, wonder and questioning of children. Children are encouraged to develop their natural sense of wonder and curiosity and to be active and eager learners who endeavour to make sense of the world. They develop ideas through play, investigation, first-hand experience and discussion. Children are encouraged to ask searching questions based on their everyday observations and experiences of living things, the environment, materials, and objects and devices they interact with.

In St Patrick's we learn about science in our Interdisciplinary Learning throughout the year, but we also normally contribute to the Notre Dame Cluster Schools Science Fayre each year in March, where pupils showcase their learning in Science and encourage parents and the wider community to become more interested in science.

Social Studies

Social studies include experiences and outcomes in historical, geographical, social, political, economic and business contexts. It is important for children and young people to understand the place where they live and the heritage of their family and community. Through social studies, children and young people develop their understanding of the world by learning about other people and their values, in different times, places and circumstances, and how their environment has been shaped. They learn about human achievements and to make sense of changes in society, conflicts and environmental issues. With greater understanding comes the opportunity to influence events by exercising informed and responsible

citizenship. This area of the curriculum is supported by educational visits to linked experiences. Teachers use Social Studies topics to build inter-disciplinary links across subjects and to make learning more relevant and coherent, and in exploring Children's Rights.

Technologies

This curriculum area includes creative, practical and work-related experiences and outcomes in craft, design, engineering, graphics, food, textile, and information technologies. To participate fully in modern life, children and young people need to be skilled and knowledgeable users of technologies and be ready to embrace further developments in the future. The technologies consider how knowledge can be applied for practical purposes. They provide exciting opportunities to develop children's creativity and the enterprising attitudes which Scotland needs, not least to compete in a global economy. Technologies are developing at an unprecedented rate. Such dramatic change brings risks as well as benefits, and children and young people need to be able to assess the impact of technologies so that they can take action in an informed way.

In St Patrick's we benefit from close working with our partners in Community Learning and Development who enhance the learning experiences of our pupils by delivering workshops in Cyber Safety.

Religious and Moral Education

As a denominational school, St Patrick's reflects the faith perspective of the Roman Catholic Church. Religious and moral education takes place within the context of the Catholic faith community. Religious education in Catholic schools is designed to nurture faith and assist children and young people to be able to make an informed response to God in faith. 'This is Our Faith' is used to plan for specific learning in RE but beyond explicit learning our ethos is defined by our daily religious practices.

Primary 6 enrol in the Pope Francis Faith Award and continue this work into Primary 7.

'God's Loving Plan', the Catholic sex education programme, is implemented from Primary 1 to Primary 7. Sex and Relationship education is an integral part of our health education programme. It focuses on the physical, emotional, moral and spiritual development of all children. Parents are fully informed of the content and purpose of sex and relationship education in schools and have the opportunity to discuss this with school staff. On an occasion where a parent wishes to exercise the right to withdraw his/her child from sex and relationship education they should discuss their concerns with school staff (as per Inverclyde Council's policy "Sexual Health and Relationship Education").

Our children are currently learning about ways in which they can be Stewards of God's creation – to love God, look after each other and protect our world – through Pope Francis' Encyclical, *Laudato Si'* Care of Our Common Home.

In conjunction with our school chaplain, Monsignor Gerry Gallagher, arrangements are made for children to attend Church for Mass and for Mass to be offered in the school hall on holy days of obligation and special feasts. Children also plan for and participate in Class Mass. Children are prepared to fully participate in the Liturgy. Parents are the prime educators of our children and therefore we like to involve parents as much as possible in the children's Religious Education. Hence, we invite you to join us when we have special Class Masses or during the preparation for the Sacraments of Reconciliation, Holy Eucharist and Confirmation. In Lent and Advent we would normally come together as a school community to reflect on the season on a Friday morning before school begins, and all members of our school community are welcome to attend and participate with us when covid restrictions allow this.

Parents from other religious communities may request that their children be permitted to be absent from school in order to celebrate recognised religious events. Only written requests detailing the proposed arrangements will be considered. Appropriate requests will be granted on not more than three occasions in any one school session and the pupil noted as an authorised absentee in the register. The right of parents to withdraw their child from corporate acts of worship and religious instruction exists in law.

Read, Write, Count

The Read, Write, Count programme aims to support parental engagement in literacy and numeracy. Gift bags are distributed annually to all P2 and P3 pupils in Scotland by Scottish Book Trust. The gift bags contain essential literacy and numeracy materials to support children's learning, as well as advice and support to parents.

Studies show a direct link between a strong family learning environment and progress in reading, writing and counting. In addition to the parent guide included in the gift bags, the Parent Club [website](#) offers a range of hints, tips and advice to help parents engage in their child's learning.

First Minister's Reading Challenge

The First Minister's Reading Challenge is an inclusive, exciting programme for all children – fostering a love of reading for pleasure. Research shows that reading for pleasure is crucially important for children's development.

The Challenge is open to all local authority and independent primary and secondary schools across Scotland, as well as, libraries and community groups. You can find out more information on the Challenge and also how schools can register to take part [here](#).

A reading app called Bookzilla, aimed at S1-S3 pupils, helps them find and recommend books and to set themselves reading challenges.

EXTRA-CURRICULAR ACTIVITIES

Our extra-curricular activities have been restricted because of covid. However, normally the school is involved in various extra-curricular activities throughout the year. A parent volunteer normally offers netball practice after school on Thursdays in the Gym Hall for P6 and P7 pupils, with P5 having the

opportunity in the summer term to come to netball practice. Ordinarily, there are also opportunities for our pupils to attend after-school coaching in a variety of activities run by Active Schools, school staff or parental volunteers. These include; football, dancing and athletics. The School Athletics Team participates most successfully in all local competitions. Active Schools also run multi-skills classes during lunch times for our infant classes.

Mrs Wilson would normally lead a choir and hold practices at lunchtime to prepare the pupils for the Inverclyde Music Festival. At various times throughout the year, there can also be opportunities to develop other skills, for example, Coding Club.

ASSESSMENT AND PROGRESS

Teachers carry out continuous assessment in all subjects. Teachers use their professional judgement to assess pupils on a daily basis to help plan for next steps in learning and teaching. Pupils are fully involved in setting targets for themselves. Most assessment takes place formatively where teachers involve pupils in thinking about their own learning and progress. Teachers are constantly monitoring and assessing the progress of pupils through:

- Observations
- Oral tasks and feedback
- Written tasks and feedback
- Practical activities
- Standardised tests

A variety of other diagnostic tools are used to identify and support any challenges that may arise for some children at times in their education. Our aim is for all pupils to make appropriate progress.

Pupils in P1, P4 and P7 are also assessed using a computer-based programme called SNSA (Scottish National Standardised Assessments). These assessments are completed online for reading, writing and numeracy as part of everyday learning and teaching. SNSAs provide another piece of information to help support teachers' professional judgement about how well children are progressing. They also help us to track our pupils' progress from P1 through to P7. Data from across Scotland on achievement of the Curriculum for Excellence levels is reported to the Scottish Government annually. More details of this can be found on the Parentzone website; <https://education.gov.scot/parentzone/>.

REPORTING TO PARENTS

Written reports are issued to parents at the end of the school year. Reports are also given orally twice a year during parents' evenings (ordinarily in October and March). Usually, children also showcase their learning at various times throughout the year during which parents are welcomed into school. Parents are able to make an appointment to discuss their child's progress at any time. Parents of children with an additional support need also have review meetings at appropriate times throughout the year.

HOMEWORK

Homework is given to reinforce and enhance aspects of learning in a variety of subjects. At St Patrick's we believe homework is valuable for creating and maintaining a successful partnership between home and school and so we encourage parents to participate in homework activities with children. It is expected that pupils will be given homework for Monday to Thursday. The suggested time spent on homework activities depends on the age of your child. Homework should take no more than 20 minutes per night in the P1-P3 classes, and no more than half an hour in the P4-P7 classes. Homework will not usually be given on a Friday. Each Class Teacher will make sure that children and parents/carers understand the homework activities given.

SUPPORT FOR PUPILS

All children and young people need support to help them learn. The main sources of support in schools are the staff who, through their normal practice, are able to meet a diverse range of needs. With good quality teaching and learning and an appropriate curriculum, most children and young people are able to benefit appropriately from education without the need for additional support. Some children require additional support at different stages through school. The definition of additional support is a wide one and it is not possible to provide an exhaustive list of all possible forms of additional support, but could include:

- children who have a disability
- children with social, emotional and behavioural needs
- children with learning needs of a specific or general nature
- children who require challenge
- those who demonstrate underachievement relating to gender issues
- children whose learning has been interrupted through absence or illness
- children who have English as an additional language
- children from travelling families
- children whose family circumstances impact on attendance and learning.

St Patrick's has an Additional Support Needs Co-ordinator whom parents would speak to if you think that your child requires additional support in school. Mrs Coggins, Principal Teacher, is the ASN Co-ordinator for St Patrick's, but Mrs Ogilby (DHT) and Mrs O'Neill (acting PT) would be happy to discuss your child's progress if Mrs Coggins is unavailable.

As with all local authority schools in Scotland, St Patrick's operates under the terms of the Additional Support for Learning Act (2009) and its accompanying Code of Practice. These procedures have been strengthened through the Children and Young People Act (2014). Therefore, a child or young person's needs are identified at the earliest possible stage and can be met in a number of ways, for example by adaptations to the curriculum or learning environment, as well as input from the Support for Learning Teachers and, on occasion, support from visiting specialists. The appropriateness of the support is determined through a process of assessment, planning and monitoring, working jointly with children, parents and teachers and is reviewed regularly.

Learning outcomes for children and young people with additional support needs are set out in a plan and all educational establishments hold regular review meetings with parents and carers to determine needs and the most appropriate supports. Everyone's views are equally important in order to consider what is currently working and how to determine next steps.

Children and young person's needs are identified in a number of ways, and the process of assessment is an ongoing, shared process with partnerships with parents and carers at the forefront. On some occasions health service staff or other partner agencies make children known to Education Services. Other additional support needs may be notified to Education Services by parents themselves or identified by one of a range of staff working closely with the child.

Some children and young people will have additional support needs arising from complex or multiple factors which require a high degree of co-ordination of support from both education and other agencies in order that their needs can be met. In these cases, the school will hold a meeting to decide whether the child or young person meets the criteria for a co-ordinated support plan.

The coordinated support plan is a statutory document which ensures regular monitoring and review for those children and young people who have one.

You have the right to ask the education authority to establish whether your child needs a coordinated support plan. Your child can make this request themselves, if they are aged 16 or over. You and your child, if they want to, will attend a meeting with staff at their school. Other professionals from different agencies who may be involved in providing support for your child will also attend. If your child does not want to attend meetings or feels unable to, their views must still be sought and considered.

Parentzone Scotland

Parentzone Scotland is a one-stop shop website for information and advice on education and learning in Scotland. The website continues to be updated and improved and can be accessed [here](#). Why not check out the website for ideas on how you can support your child's learning.

Inverclyde's mediation service can be accessed by contacting Michael Roach, Head of Education, at the address below.

For further advice please telephone 01475 712850.

Or write to:

Education Services

Wallace Place

GREENOCK, PA15 1JB

These websites may also prove useful to parents of children with an additional support need:

www.enquire.org.uk

www.siaa.org.uk

www.sclc.org.uk/

PASTORAL CARE

The school has a strong tradition of pastoral care for pupils and for their families. The ethos of the school is such that caring is a natural element in our daily interaction with our pupils. All our staff members make time to get to know pupils and their families.

We work closely with our associated nurseries and secondary school to support our children in the transition period from nursery to primary, and from primary to secondary. Our Home Link worker, Ms Fraser, helps families who require additional support. She also works with groups of children in school to support them in the transition to secondary school. Our Psychologist, Ms McPherson works well with our staff and parents to help us support our pupils. There are also other agencies who work with our school from time to time to help pupils and parents, for example, Barnardo's.

SUPERVISION OF PLAYGROUNDS

The safety of our pupils is our priority. An adult presence is provided in playgrounds at break times in terms of the Schools (Safety and Supervision of Pupils) (Scotland) Regulations, 1990. The Janitor and Support Staff carry out these duties to help keep children safe and to deal with any injuries that may occur while children are playing. The playground is supervised from 8:45am every morning and during all intervals and lunch breaks.

PROMOTING POSITIVE RELATIONSHIPS AND BEHAVIOUR

We strive at all times to promote positive relationships and behaviour across the school. This is highlighted in and promoted through our School Values. Respectful standards of behaviour are necessary for a pleasant and safe environment for our children to get the best from their education. We, therefore, expect our children to strive for the standards of behaviour that are necessary to promote this pleasant

and safe environment. In encouraging our children to show respect for themselves for others and for property, we are promoting positive relationships and positive behaviour. School rules are made in the interest of, and for the well-being and safety of all of our children. We rely on our parents to support us in this endeavour so please encourage your child to respect our values and adhere to our rules. Strong partnership working between home and school is essential to allow our children to continue to learn in the positive environment that St Patrick's enjoys.

Our school uses 'restorative approaches' to handle any issues of conflict where children are encouraged to take responsibility for their actions and support one another in moving forward with respect. We aim to seek solutions to any conflicts which may arise. Our school follows Inverclyde's Positive Relationship Policy. Instances of inappropriate or challenging behaviour are dealt with in line with Inverclyde policy and parents are kept fully informed.

The pupils in the school belong to one of four Houses. The Houses reflect the local community. They are *Lyle Hill, Broomhill, Whinhill* and *Prospecthill*. Children are encouraged to take a pride in belonging to their School House and can earn points for their House by demonstrating the school values. Ordinarily, each term the House Points are tallied, and the winning House enjoys a fun get-together, either on the pitch, in the gym hall, in the canteen or watching a film together with a drink and snack. Our House system promotes positive relationships between year groups, and it is heartening to watch our older children often use their time to encourage and support our younger pupils. It also encourages positive behaviour as the children recognise their individual role in contributing to the success of their House. We would encourage our parents to talk to the children about the House to which they belong and how they can contribute to the success of their House.

BASIC SECURITY PRACTICES

In the interest of security, the following practices have been adopted:

- After pressing the security buzzer for reception all visitors should use the main entrance only and must report to the school office on arrival. Other school entrances are for pupil use only.
- All visitors are required to sign the Visitors' Book – both in and out – and are accompanied around the building unless they hold a valid PVG.

CLOTHING & UNIFORM

In St Patrick's there is substantial parental support for school uniform. Parents have been very clear that they wish the wearing of school uniform to be encouraged. Given that there is substantial parental and public approval of uniform, schools in Inverclyde are free to encourage the wearing of school uniform. In encouraging the wearing of uniform, account is taken of any proposals to prevent any direct or indirect discrimination on the grounds of race or gender. Any proposals will be the subject of widespread consultation with the parents and pupils. Against this background it should be noted that it is the policy of the Education & Lifelong Learning Committee not to insist on pupils wearing uniform or having specialist items of clothing as a prerequisite of their attending and engaging in all of the activities of the curriculum.

There are forms of dress which are unacceptable in school, such as items of clothing which:

- potentially, encourage faction (such as football colours);
- could cause offence (such as anti-religious symbolism or political slogans);
- could cause health and safety difficulties, such as loose fitting clothing, dangling earrings or clothing made from flammable material for example shell suits in practical classes;
- could cause damage to flooring;
- carry advertising, particularly for alcohol or tobacco;
- could be used to inflict damage on other pupils or be used by others to do so.

The Council is concerned at the level of claims being received regarding the loss of pupils' clothing and/or personal belongings. Parents are asked to assist in this area by ensuring that valuable items and unnecessarily expensive items of clothing are not brought to school. Parents should note that the Authority does not carry insurance to cover the loss of such items and any claims submitted are likely to be met only where the Authority can be shown to have been negligent.

Parents should note that the activities the children may become involved in may be restricted because health and safety requirements state that jewellery of any kind must not be worn where children are undertaking physical activities. This includes jewellery worn as a result of body piercing.

All children in P1-P5 automatically qualify for free school meals.

However, if you wish to be considered for the clothing grant you can submit an application form. You may qualify for a clothing grant if one of the following statements applies to your family circumstances:

- You are currently in receipt of:
 - Income Support (IS);
 - Income based Job Seekers Allowance (JSA);
 - income related Employment and Support Allowance (ESA);
 - Child Tax Credit, but not Working Tax Credit, and your income is less than £16,105 (in 2021/2022) as assessed by HMRC;
 - Working Tax Credit and/or Child Tax Credit and have an income of no more than £11,916; as assessed by HMRC or
 - Universal Credit, where your take home pay does not exceed £970, as shown on your most recent monthly Universal Credit Statement.

or

- You are seeking asylum and, receiving support under part VI of the Immigration and Asylum Act 1991;

or

- You look after a child/children as part of a formal Kinship Care agreement, registered by Social Work Services

Approval of requests for such grants made by parents in different circumstances is at the discretion of the Corporate Director of Education and Social Care. Information and application forms may be obtained from schools and from Education Services, 105 Dalrymple Street, Greenock, PA15 1HU.

A list of uniform for your reference is shown below:

Light blue Shirt/Blouse or Polo Shirt
 Grey Trousers or Navy Blue Skirt/Pinafore
 School tie
 Navy Blue Pullover/Jumper/Sweatshirt/Cardigan

PE

T-Shirt
 Shorts
 Sandshoes / Trainers

During PE lessons children are not allowed to wear jewellery of any description, this is to ensure the health and safety of all children.

We do not support the buying and wearing of Leavers' Hoodies in P7, however we have agreed with our P7 parents that P7 pupils may wear a "Class of" hoodie, eg "Class of 2022". This is not compulsory and parents should not feel obliged to purchase this item of clothing.

MEDICAL AND HEALTH CARE

Routine medical checks take place throughout the child's life in school by the School Health Service.

Minor accidents are attended to in the school, but in more serious cases, parents or emergency contacts are informed, so that the child may be taken to hospital. If no one can be contacted, the child will be transported immediately to Inverclyde Royal Hospital by a member of staff.

If a child becomes ill and cannot remain in school, parents or emergency contacts will be telephoned to come and take the child home. Therefore, it is essential to keep the school informed of any changes to the emergency contact telephone number or your home or work telephone number so that contact can be made as quickly as possible.

If there are any medical requirements for a child, parents should inform the school in writing. Parents of children requiring medication during school hours are welcome to come into the school office to administer the medication. If parents would like a member of staff to administer medication, they must bring prescribed medication in to the school office and complete the appropriate consent form.

Allergies/Peanut Free Zone

As some pupils can be allergic to peanuts and peanut products and could suffer an anaphylactic reaction if exposed to them, we ask that children do not bring peanuts or peanut products to school.

Child Absent from School through Ill Health

Children may be unable to attend school for a wide range of reasons including illness, accidents or long-term medical conditions. In general there will be an automatic referral by the school for education outwith school after 15 days of continuous or 20 working days of intermittent absence, within a reasonable timeframe.

ATTENDANCE AT SCHOOL

Parents must inform the school of any absence before 9.15am each day. If no contact is made, the school office will contact the pupil's family and, thereafter, other emergency contacts beginning at 9.30am on the first morning of an absence and early after the restart after lunch in the case of an afternoon absence. Other agencies may be contacted if no contact with the pupil's family can be achieved and if there are continuing or emerging concerns about a pupil's safety or wellbeing. If the school is not provided with a reason for absence, the absence will be recorded as "unauthorised". It is essential for the safety of our children that parents keep the school informed about every absence. It is also essential that parents keep the school informed of any changes of address or telephone numbers, both their own and those of the emergency contacts.

Section 30 of the 1980 Education Act lays a duty on every parent of a child of 'school age' to ensure that their child attends school regularly. Attendance must be recorded twice a day, morning and afternoon. Regulation 7 of The Education (School and Placing Information) (Scotland) Amendment etc Regulations 1993 requires each child's absence from school to be recorded in the St Patrick's Primary school register as either *authorised*: ie approved by the authority or *unauthorised*: ie unexplained by the parent (truancy) or temporarily excluded from school. The Scottish Government has provided guidance on the management of attendance and absence in Scottish schools in its publication *Included, Engaged and Involved - Part 2: Attendance in Scottish Schools*.

Every effort should be made to avoid family holidays during term time, as this both disrupts the child's education and reduces learning time. It has been clarified that family holidays should not be recorded as authorised absence, except in exceptional domestic circumstances, where a family needs time together to recover from distress, or where a parent's employment is of a nature where school holiday leave cannot be accommodated (e.g. armed services or emergency services). It is for local authorities to judge when these circumstances apply and authorise absence, accordingly. The categorisation of most term-time holidays as unauthorised absence has been a contentious issue for some families, many of whom are concerned at the higher cost of holidays during school holiday periods. The Scottish Government has no control over the pricing decisions of holiday companies or flight operators. Our main focus is to encourage parents and pupils to recognise the value of learning and the pitfalls of disrupting learning for the pupil, the rest of the class and the teacher. Clearly, where an absence occurs with no explanation from the parent the absence

is unauthorised. Schools investigate unexplained absence, and Education Services has the power to write to, interview or prosecute parents, or to refer pupils to the Children's Reporter, if necessary.

Absence Rates

Absence rates are calculated as a percentage of the total number of possible attendances for all pupils in the school, each morning and afternoon of each school day being a separate possible attendance.

Inverclyde Absence Policy

- | | |
|--------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Step 1 | Parents are informed of attendance record by letter if attendance falls below 90% in any given six-week period. |
| Step 2 | Parents are invited to attend a maximising attendance meeting if there is no sustained improvement in attendance within four weeks, or no improvement at all within two weeks. |
| Step 3 | Referral for multi-agency case conference if no sustained improvement in attendance within four weeks, or no improvement at all within two weeks. |
| Step 4 | Referral to Attendance Review Committee if failure to cooperate with multi-agency recommendations. |

PARENT FORUM AND PARENT COUNCIL

Scottish Schools (Parental Involvement) Act 2006 led to the establishment of Parent Councils in primary, secondary and special schools. The Act recognises the vital role that parents play in supporting their children's learning. It places a duty on authorities to promote the involvement of parents in children's education and the wider life of the school. It aims to help parents to be:

- Involved with their child's education and learning
- Welcomed as an active participant in the life of the school
- Encouraged to express their views on school education generally

When there is a vacancy in the Parent Council the Chair Person will write to all parents who are eligible for election to ask for a volunteer. If there are more volunteers than vacancies on the Council an election will be called. Each candidate will be asked to provide a statement which will be sent out to all parents and an election will be held at a specified date and time. The parents will be informed of the result.

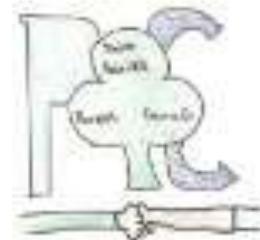

The Parent Council, as a statutory body, has the right to information and advice on matters which affect children's education.

Parents who are involved on a regular basis in schools should undertake an enhanced disclosure through Disclosure Scotland.

St Patrick's Parent Council

St Patrick's has an active Parent Council which has an excellent relationship with the school. There is a very successful PTA sub-group of the Council that holds various fundraising events throughout the year to support the work of the school.

Meetings are held regularly and dates are given in the 'Dates for Your Diary' section of the newsletters, via Twitter and via the Parent Council Facebook page.

Events are made known by Groupcall emails, Twitter and the Parent Council Facebook Group. New members are always welcome – the school office can be contacted for more information.

Committee Members are:

Mrs J Marturno / Mrs J McKelvie
Co-Chairs

Mrs J Thomson / Mrs G Dyer
Secretaries

Mrs L Bradley / Mrs P McDonald
Treasurers

Mrs G Ogilby
Co-opted staff member

We have been delighted that our Parent Council has seen an increase in new parents attending this year.

MEALS

School meals are provided on a cafeteria basis. In Inverclyde, all children in P1-5 are entitled to a free school meal. The cost for a school meal for pupils in P6-P7 is currently £2.20. Parents pay for this using ParentPay. Hot meals, snacks, sandwiches, fruit, drinks etc are available daily. Mrs Dunlop, our Catering Manager, can also cater for children who require a special diet, so please inform the school if this is necessary. The school dinner menu can be viewed on the Inverclyde Council website;

<https://www.inverclyde.gov.uk/education-and-learning/schools/school-lunch/school-lunches-in-primary-school>

Children can bring a packed lunch to eat while sitting in the dining hall if they prefer. There are adults present, in a supervisory capacity, in the school dining hall for children's safety. During times of covid restriction, lunches are eaten in classrooms.

There is, in Inverclyde, an Education Services Health Policy and using this we have succeeded in making our school a "Health Promoting School". This was achieved through improved health awareness in the curriculum, greater opportunities for physical activity – as shown by our after-school activities, healthier school meals and by giving out fruit as a snack.

Parents of children receiving one of the benefits as outlined on page 26 will normally be entitled to monetary grants for free school meals. Information and application forms for free school meals may be obtained from schools and Education Services, Wallace Place, Greenock, PA15 1JB. Children entitled to free meals are also entitled to free milk with their lunch.

TRANSPORT

The Council currently has a policy of providing free transport to all primary pupils who live more than one mile from their local school by the recognised shortest walking route. This policy is more generous than the law requires. This means that the provision of transport could be reviewed at any time. Parents who consider they are eligible should obtain an application form from the school or Education Services at Wallace Place, Greenock, PA15 1JB. These forms should be completed and returned before the end of February for those pupils beginning school in August to enable the appropriate arrangements to be made.

Applications may be submitted at any time throughout the year but may be subject to delay whilst arrangements are made. The appropriate officer has discretion in special circumstances to grant permission for pupils to travel in transport provided by the authority, where spare places are available and no additional costs are incurred.

Pick up Points

Where free transport is provided it may be necessary for pupils to walk a certain distance to the vehicle pick-up point. Walking distance in total including the distance from home to the pick-up point and from the drop-off point to the school in any one direction will not exceed the authority's limits (see above paragraph). It is the parent's responsibility to ensure that their child arrives at the pick-up point in time. It is also the parent's responsibility to ensure the child behaves in a safe and acceptable manner while boarding, travelling in and alighting from the vehicle. Misbehaviour could result in a child losing the right to free transport.

Placing Requests

Education Services does not provide transport for those pupils in receipt of a placing request other than in exceptional circumstances. In the case of under-age placing requests if the child is offered a place in his/her catchment area school, transport will be provided in accordance with Council policy stated above.

INFORMATION IN EMERGENCIES

We make every effort to maintain a full educational service, but on some occasions, circumstances arise which lead to disruption. Schools may be affected by, for example, severe weather, temporary interruption of transport, power failures or difficulties of fuel supply. In such cases we will do all we can to let you know about the details of closure or re-opening.

We shall keep you in touch by using email, Inverclyde Council Website, Social Media and announcements in the press and on local radio.

<https://www.inverclyde.gov.uk/>

CHILD PROTECTION

Inverclyde Council Education Services has Child Protection Guidelines and Procedures which all schools are required to follow. Education Services work very closely with other agencies namely Strathclyde Police, Social Work Services, NHS Greater Glasgow and Clyde and the Children's Reporter to support children. Common responsibilities of all staff are to protect children from abuse and exploitation, to respond appropriately when abuse is identified, and to ensure whenever possible that all children are able to exercise their right to be raised in a warm, stimulating and safe environment, supported by their families or carers.

In St Patrick's, all staff have a responsibility to safeguard and protect our children. Safety is our first priority in our responsibility of Getting It Right For Every Child. Staff with any concerns about a child's safety or welfare report directly to Mrs Doherty, Mrs Ogilby or Mrs Coggins; who each undertake the role of Child Protection Officers.

INCLUSION AND EQUALITY

Inverclyde Council Education Service aims to:

- Offer education of the highest quality to all young people within a developing culture of inclusion;
- Endorse the principles of inclusion, entitlement and equality of opportunity in the development of best practice;
- Value the diversity of interests, qualities and abilities of every learner;
- Believe that every child and young person is entitled to educational opportunities which enable the achievement of success and further development of the individual's learning potential within the least restrictive environment;
- Affirm the right of all young people to have access to the highest quality of educational provision which is appropriate to learning needs, is supportive of the young person and is delivered in partnership with young people, parents and the wider community.

In meeting the needs of all of our pupils we will demonstrate no discrimination on the basis of race, gender, disability, sexual orientation, religion or belief. This encompasses curricular, extra-curricular and classroom activities and is foremost in the attitudes which we develop in our pupils.

EQUALITIES

Inverclyde Education Service is committed to ensuring that no children or members of staff or service users receive less favourable treatment on any ground including; gender, race, disability, age, sexual orientation, religion or belief. We have a moral, social and legal obligation to mainstream and put equality at the heart of everything we do. We aim to promote a culture in which equality of opportunity exists for all. We are opposed to all forms of discrimination, direct or indirect, and aim to eliminate all discriminatory practices. We will ensure that, in our schools and other educational establishments, equality permeates the curriculum and underpins all our policies and practices in terms of access to education. We must ensure

that all our children achieve their full potential to develop physically, emotionally and academically. Finally, we believe that equality and inclusion should be a given right, where everyone is valued and treated with respect.

INVERCLYDE COMPLAINT PROCEDURE

Inverclyde Council is committed to providing high quality customer services. **We value complaints and use information from them to help us improve our services.** If something goes wrong, or you are dissatisfied with our services, please tell us. Details can be found using the link below;

<https://www.inverclyde.gov.uk/health-and-social-care/information-advice/complaints-procedure>

GENERAL DATA PROTECTION REGULATION AND DATA PROTECTION ACT 2018

Information on children, parents and guardian is stored on a computer system and may be used for teaching, registration, assessment and other administrative duties. In processing personal information, Inverclyde Council must comply with the General Data Protection Regulation and Data Protection Act 2018. For further information please refer to:

<https://www.inverclyde.gov.uk/site-basics/privacy>

A range of authority policies relating to education can be found on the Inverclyde Council website;

<https://www.inverclyde.gov.uk/education-and-learning/schools>

Although the information contained in this Handbook is correct at time of writing (December, 2021), there could be changes affecting any of the matters dealt with in the document;

- (a) before the commencement or during the course of the school year in question
- (b) in relation to subsequent school years
