

## One Page Spotlight Our Values

## Spotlight on...

## Honesty

### Thoughts compiled by Primary 7

Our school values are very important and each in their own way.

Honesty is one of our values at Wemyss Bay Primary and it helps us as a school community to make sure that everyone is treated fairly, equally and that we have a shared trust among us.

Being honest is about telling the truth and not lying or being deceitful. Being honest also makes life much easier for yourself and for the other people around you and shows that you respect yourself and others. When you are dishonest, you can feel really guilty and feel like you are carrying the weight of the world on your shoulders which is not good for your own mental health and wellbeing.

Being honest means that people will have trust in you and that you will have trust in others which is so important within a school community. If everyone was dishonest our school would not be a nice place to be and no one would have trust in anyone else.

It is always better to be honest for yourself and for others.

Honesty is always the best policy.

We are making a video about honesty and will send you the link as soon as it is ready.
