P3/2 Class Newsletter Term 3

Welcome to the Term 3 newsletter. P3/2 have had another amazing term of working hard and celebrating many successes. This upcoming term is another busy term full of exciting learning opportunities which I cannot wait to be part of!

Literacy

We will be continuing our work on developing our reading, writing and talking and listening skills. In reading, we will be exploring our class novel Flat Stanley and the Great Egyptian Grave Robbery. Through our novel, we will make links to our class topic, and we will continue to develop our questioning and comprehension. We will also be learning how to take notes under sub-headings. In writing, our focus this term will be imaginative writing and we will be looking at how to write a character and setting description, which will help us create our own stories. In talking and listening, we will continue to be sharing our learning with our peers through cross curricular opportunities.

Numeracy

We will be continuing to develop our number skills and will be focusing on our addition and subtraction skills and the different strategies we can use to help us solve different problems. We will also be looking at being able to identify and utilise money, estimate different amounts and identify and complete patterns.

Health and Wellbeing

In PE we will be focusing on developing our skills in hockey and rugby. Within these sports, we will also be learning how to set goals and how to display good sportsmanship.

As part of PATHS, we will be continuing our journey of looking at different emotions and will focus on a range of strategies which can help us cope with these emotions.

The focus wellbeing indicators for term 3 will be active, respected and responsible.

Other curricular areas

- Science – the human body.
- Social Studies – exploring the Ancient Egyptians.
- French – continuing to expand our vocabulary to include colours in French and being able to discuss our likes and dislikes.
- Music – learning a range of songs and acts for our performance in the Inverclyde music festival.
- Technologies – developing our skills of using a tablet.
- RME - learning about a range of different religions and festivals.
