

WHINHILL PRIMARY SCHOOL BUN-SGOIL CHNOC A' CHONAISG P5/4 TERM 4 NEWSLETTER

Class News

Welcome back! I hope you all had a lovely break and are ready for the joys of the summer term! I can't believe we only have one term left together. Let's make it one to remember!

Mrs V has already got us involved in some competitions. Come on, it wouldn't be P5/4 without a little competition to enter! Look out for these and wish us luck!

At the end of this term we have our class assembly which we will be starting to organise soon. We hope you will all be able to make it! More info to follow.

Numeracy

This term **Primary 5** will be learning to use a rule to extend well known number sequences including square numbers, triangular numbers and the Fibonacci sequence. They will also be learning to display data in a clear way using a suitable scale.

This term **Primary 4** will be learning to devise more involved repeating patterns or designs, using a variety of media. They will also be learning to draw simple diagrams, table and charts to display collected data.

Literacy

Our writing focus this term is imaginative and functional writing. We will continue to look at similes, alliteration and onomatopoeia and add this to our writing to make it more interesting.

For reading we will be learning to retell a story in our own words. We will also be looking at the differences between fact and opinion. During reading discussions we will continue to use Blooms questioning fans to enhance our understanding of a text.

HWB

May focus: Included
RSHP continued

Paths: Feelings of Jealousy and empathy.

PE focus: Summer games, Fitness and Rugby

Other Curricular Areas

Our **topic** this term is The Unsinkable Ship where we will be joining the learning with the Primary 4 and Primary 5 classes.

We will be learning all about the different classes aboard the Titanic and completing **science** investigations including buoyancy. We will also use the Titanic's short voyage as stimulus for **expressive arts** activities and its structure as a **design** activity.

This will result in a celebration of learning in the form of a Tea Party nearer the end of term.
