Class News

I can't believe Term 4 is well underway already! We have so many exciting things planned for this term which you will be able to get on board with! This term we are learning all about the Titanic and we will be hosting our very own Titanic Tea Party along with P5/4 and P5. We hope you will be able to come along.

Upcoming Events

Sports Day: 22nd May
(weather dependent)
Holiday: 24th-27th May

Reminders

Our PE days have now returned to Monday and Thursday. Please ensure children have PE kits in their bags and all jewellery is removed.

Term 4

Whinhill Primary School
Bun-sgoil Chnoc a' Chonaisg

Our Learning

Numeracy

This term we are going to be learning to solve a range of equations. P4 will use their knowledge of addition, subtraction, multiplication and division to create their own equations. We will be making our own machine monsters which will indicate an equation which we will have to solve. P4 will also be learning about patterns and relationships and we are hoping to spend lots of time outdoors to identify and make our own patterns.

Literacy

In literacy, we will be focusing on personal writing. The children will be given lots of opportunities to share their experiences with their peers in a number of ways. We will be asking children to bring in some personal items from home which they will be excited to share and write about. In reading, we will be focusing on note taking and we will be doing this through our topic and class novel. We will learn to use contents pages, index pages and headings to help us find information which will allow us to create our own notes to create our own fact files.

HWB

We have started a fitness block in PE this term and we will be working on physical aspects of fitness to help improve our stamina, speed, strength and power. We are already in the process of testing ourselves to try and beat our scores later on the term. We will also be learning about how human life begins, how to take care of a baby and the process of pregnancy.
