## LITERACY

This term we are focusing on personal writing. We will be sharing our personal experiences with our peers using our talking and listening skills which will help us to create ideas for our writing. Our class novel this term is Harry Potter and we are focusing on the reading skill of predicting.

## NUMERACY

Our focus for numeracy this term is place value. We will be learning to order and sequence numbers and will be learning to round to the nearest 10 and 100. We are also learning a range of strategies to add and subtract which we share during our daily number talk.

## HWB

We are following our monthly indicators of safe and healthy this term and will be looking at ways to keep our mind and body healthy. We will also be focusing on gymnastics and football in PE.
