Can you think of anything you would change at Nursery? Or can you tell us what you like best?

- Playing with dinosaurs
- More variety of dinosaurs
- Playing with friends
- I like story time and painting
- Playing in the water
- Sand, outside and story
- Emily likes drawing, playing games and loves singing songs

- I like playing in the water best, also drawing and painting
- Loves playing with all the toys
- Would like to play the computer

One last question for the grown ups at home:

Can you give us any feedback on the initial visits to Nursery?

- Nice informal look round, settling in procedure was good, would like a uniform
- Very nice, feel welcomed
- I am happy with Nursery! No complaints 😊
- I think we have a great nursery and all staff are really good and helpful. Excellent all round
- Welcoming, informative, I wouldn't have changed anything about the initial visits
- I feel the initial visits went well, building up an hour over the first 2 –3 days gave Hannah a chance to settle in to her new surroundings, she loves Nursery
- The first visits were really good, Freya got to spend a little time getting used to it. When she started her full sessions she didn't want to come home she enjoyed it so much
- Initial visits ok but general routine for full session could be explained better e.g signing in and where group is for picking up
