Survey of Parental Satisfaction with Schools (2017)

Information for Parents

Moray Council, along with all local authorities in Scotland, is required to collect certain information on the performance of children's services. While most of the data is readily available, one indicator, percentage of adults satisfied with local schools, has in the past been collected by Moray Council through an online parental survey.

The Council has committed to a biennial survey and this can be accessed at:

<https://www.surveymonkey.co.uk/r/morayschools2017>

The survey is completely anonymous and you are encouraged to contribute to this element of the Council's drive for continuous improvement.

If you have any questions on this survey or wish to request a paper copy, then please address this to me at the above either postal or email address.

Yours sincerely

Vivienne Cross
Head of Schools and Curriculum Development
