

Also important are

- Do we work better alone?
- Do we work better with others around us?
- Do we work better together with others?
- How many times do we need an experience?
- Or is it a period of time?

Know the answer yourself

Metaphors and Stories

- Involve the audience
- Invite own imagination
- Can be skillfully transferred into the class as a whole learning experience

or

- The learning experience can become a story or metaphor
