Dear Parent/Guardian,

ESOL Classes

Classes in English for Speakers of Other Languages (ESOL) are on offer at school for bilingual pupils. The classes are at Moray College, and supported by the EAL service and guidance teachers.

ESOL National 5 and Higher level are part of the schools' Senior Phase Programme when pupils can choose to come to the college on a Wednesday.

The ESOL classes are very useful to bilingual students as they lead to SQA qualifications which can be used for entrance to colleges and universities across Scotland. They also help pupils progress further in their English classes and other school subjects.

The school's EAL or guidance teacher will be able to discuss this further and give our son/daughter further information.

Yours sincerely

Siobhan Mackie
Moray College ESOL Department
